# STATE OF CALIFORNIA GOVERNOR'S OFFICE OF PLANNING AND RESEARCH

May 2003

Each year, the Governor's Office of Planning and Research (OPR) conducts the Local Government Planning Survey to create a directory of California's planning agencies and to compile the latest information on local planning activities and special issues. This edition of the *California Planners' Book of Lists* contains the results of OPR's 2002 planning survey.

The *California Planners' Book of Lists* contains practical information that is useful to local, regional, and state planners and resource managers, including directories of city and county planning agencies, Councils of Government, Local Agency Formation Commissions, CEQA judges, and selected State and federal agencies that interact with local planning agencies. It also contains a table summarizing the status of local general plans, including the dates these plans were last updated. Additionally, it identifies local jurisdictions that have adopted plans, programs, and ordinances that may serve as models or examples for other planning agencies.

In keeping with OPR's continuing innovations in government efficiency and improving delivery of services to the public, planning agencies were invited for the first time in 2001 to electronically update information about themselves through the interactive *Book of Lists* available at [www.calpin.ca.gov](http://www.calpin.ca.gov). The new interactive *Book of Lists* at [www.calpin.ca.gov](http://www.calpin.ca.gov) offers online local planning information based on survey results provided by the local planning agencies with maps, agency directories, search capabilities, a bulletin board feature, and other information as updated by each local jurisdiction.

We hope that you will find this publication and the CalPIN website useful. Please let us know how OPR can continue to improve this service to local and regional planning agencies.

Sincerely,

A handwritten signature in black ink, appearing to read "Tal Finney".
