DIRECTOR

April 2006

Each year, the Governor's Office of Planning and Research (OPR) conducts the Local Government Planning Survey to compile the latest information on local planning activities and special issues. This edition of the *California Planners' Book of Lists* contains the results of OPR's 2005 planning survey.

The *California Planners' Book of Lists* also contains practical information that is useful to local, regional, and state planners and resource managers, including directories of city and county planning agencies, Councils of Government, Local Agency Formation Commissions, CEQA judges, and selected State and federal agencies that interact with local planning agencies. It also contains a table summarizing the status of local general plans, including the dates these plans were last updated as reported by the cities and counties. Additionally, it identifies local jurisdictions that have adopted plans, programs, and ordinances that may serve as models or examples for other planning agencies.

Past editions of the *Book of Lists* are available to the public from the OPR website at www.opr.ca.gov.

Sincerely,

Sean Walsh
Director
