

Jerry Brown, Governor

STATE CLEARINGHOUSE

**SUMMARY
OF
POSTINGS**

December 16 – 31, 2015

STATE CLEARINGHOUSE SUMMARY OF POSTINGS

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Summary of Postings summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **December 16 – 31, 2015**.

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Director

CLEARINGHOUSE MAILING ADDRESS

OTH	Other type (none of the above)

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<u>Documents Received on Wednesday, December 16, 2015</u>			
2010101090	Badlands Landfill Solid Waste Facility Permit Revision Riverside County Moreno Valley--Riverside Note: Addendum No. 1	ADM	
	The revised permit changes include: updates to key design parameters, site acreage from 246 to 278 acres, proposed soil stockpile, construction of an additional flare, liner design, construction of sedimentation basin, relocation of future recycling park, design capacity and estimated closure date from 2016 to 2024 to be consistent with other project information and documentation.		
2015012066	Nishi Gateway Project Davis, City of Davis--Yolo Notes: 1 HC	FIN	
	The proposed project involves the annexation and development of approximately 47 acres of agricultural land with up to 650 multi-family residential uses, 325,000 sf of office/research & development space, and 20,000 sf of accessory commercial space within Yolo County. The 47 acres would be annexed by the City of Davis as part of the project. The project also involves the rezoning of approximately 11 acres within the City of Davis that would result in a net increase of 55,000 sf of commercial space upon redevelopment.		
2015081044	Road 28 New K-6 Elementary School Madera Unified School District Madera--Madera	MND	01/14/2016
	A Notice of Intent to Adopt a MND was previously released for the proposed project for the required 30-day public review period (SCH#2015081044, August 18, 2015 - Sept. 18, 2015). Following the public review period and prior to project approval, the proposed site plan was modified, which resulted in changes to vehicular and pedestrian access/circulation in and around the site. The proposed Project is the construction and operation of an 850 student Kindergarten - 6th Grade School. The Project includes construction of academic and administrative buildings, a cafeteria, maintenance facilities, parking lots, playfields, infrastructure (water, sewer, storm drain) and associated site improvements. Construction is anticipated to begin in Summer of 2016 and will take approx. 14 months to complete.		
2015121047	Dola Ditch Bridge Replacement Project San Bernardino County --San Bernardino	MND	01/14/2016
	The San Bernardino County Dept. of Public works (County) proposes to replace a timber trestle bridge, known as the Dola Ditch Bridge (County Local Bridge No. 81, Caltrans Bridge No. 54C0285) on a San Bernardino County maintained National Trails Hwy, known as CA U.S. Hwy 66/National Trails Hwy (CA Highway 66/NTH), and traditionally known as Route 66. The Dola Ditch Bridge is located in San Bernardino County, approx. 7.7 miles east of the unincorporated community of Amboy. The Dola Ditch Bridge Replacement Project would consist of the replacement of the existing and structurally deficient 1930/1931 timber trestle bridge, with a new, engineered timber bridge.

2015121048	Lanzit Ditch Bridge Replacement Project San Bernardino County --San Bernardino The San Bernardino County Dept. of Public Works (County) proposes to replace a timber trestle bridge, known as the Lanzit Ditch Bridge (County Local Bridge No. 82, Caltrans Bridge No. 54C0286) on a San Bernardino County maintained National Trails Highway, known as CA U.S. Highway 66/National Trails Highway (CA Highways 66/NTH), and traditionally known as Route 66. The Lanzit Ditch Bridge is located in San Bernardino, approx. 8.4 miles east of the unincorporated community of Amboy. The Lanzit Ditch Bridge Replacement Project (proposed project) would consist of the replacement of the existing and structurally deficient 1930/1931 timber trestle bridge, with a new, engineered, timber bridge.	MND	01/14/2016
2015122037	Andersen Drive AT-Grade Crossing with Smart Rail Right-of-Way San Rafael, City of San Rafael--Marin Note: Extended per Lead City of San Rafael is proposing to permit and construct an "at grade" crossing of Andersen Drive (north of Francisco Blvd. West) with the planned SMART rail commuter service line. The at-grade crossing with SMART would be constructed to cross the rail right-of-way and tracks at a 45 degree angle and for a distance of 60 feet. Approval from the CPUC is required for this crossing.	MND	01/25/2016
2015121049	Vision Agua Caliente Master Plan Project Agua Caliente Band of Cahuilla Indians Palm Springs--Riverside Note: Tribal Document The Agua Caliente Band of Cahuilla Indians (the "Tribe") will be the Lead Agency under the Tribal Environmental Policy Act (Tribal Ordinance No. 28) and will prepare a Tribal Environmental Impact Report (TEIR) for the Vision Agua Caliente Master Plan Project. The Vision Agua Caliente Master Plan addresses approximately 18 acres of Tribal Trust land (the "Project Site") located within the Section 14 Specific Plan area in downtown Palm Springs. The Vision Agua Caliente Master Plan would allow the expansion of the Spa Resort Casino by up to 68,000 square feet and the development of up to 350 new hotel rooms in 510,000 square feet of hotel space. The Master Plan also includes up to 60,000 square feet of meeting space, 50,000 square feet of retail commercial space, a 40,000 square foot spa/fitness center, and approximately 650 parking spaces.	NOP	01/14/2016
2015122038	Merry Moppet Preschool & Belmont Oaks Academy Rezoning and Master Plan Expansion Project Belmont, City of Belmont--San Mateo The project would demolish four classroom buildings (two modular buildings and two wood structures), two maintenance and storage buildings, a pool, a retaining wall, and associated minor site features. The project would construct a new 2-story, 12,150 square foot six-room classroom building, renovate and replace existing play areas, renovate interiors of existing classroom and administrative space, and small site improvements as needed for these improvements. Other project components include installation of drainage features and landscaping, tree removal as necessary for the new building, rezoning the site from R-3 to Planned	NOP	01/14/2016

	Development (PD), Conditional Use Permit, and approval of a new setback along Merry Moppet Lane. No expansion of parking is proposed.		
2015122039	2016 Regional Transportation Plan (RTP) Tuolumne County Transportation Council --Tuolumne The Regional Transportation Plan (RTP) is an action-oriented document used to achieve a coordinated and balanced regional transportation system. California Government Code 65080 et seq. and Title 23 United States Code (USC) 134 require Regional Transportation Planning Agencies (RTPA) to prepare long-range transportation plans to: 1) establish regional goals, 2) identify present and future needs, deficiencies and constraints, 3) analyze potential solutions, 4) estimate available funding, and 5) propose investments. State Statutes require that the RTP serve as the foundation for the short-range transportation planning documents: the Regional and Federal Transportation Improvement Programs (RTIP and FTIP).	NOP	01/22/2016
2005012113	Amendment to UC Santa Cruz 2005 Long Range Development Plan for Student Housing University of California, Santa Cruz Santa Cruz--Santa Cruz The Materials Science Laboratories Projects Phase 1 and Phase 2 will develop approximately 4,800 sf of research lab and lab support space in an existing building which was formerly used for semiconductor manufacturing. The project will implement a portion of the 2300 Delaware Avenue Project, which was analyzed in the 2005 LRDP EIR and approved by the UCSC Chancellor in Feb 2007.	NOD	
2010101090	Badlands Landfill Solid Waste Facility Permit Revision Riverside County Moreno Valley--Riverside The proposed project revises SWFP 33-AA-0006, to include the following landfill operational and administrative modifications, as identified in JTD No. 7: 1) add Sunday operations; 2) accept state-regulated non-hazardous asbestos-containing waste for disposal; 3) increase total disposal capacity through grading modifications that include an engineered plug; 4) revise the disturbance limit boundaries; 5) accept non-hazardous high moisture content waste and recirculate landfill leachate and landfill gas condensate; 6) accept non-hazardous sludge for disposal; 7) modify the daily permitted disposal capacity from 4,000 tons per day to 4,500 tpd; 8) modify the daily permitted greenwaste/ADC/other material used for beneficial re-use from 800 tpd to 300 tpd and, 9) revise acceptance of treated wood waste from 30 tpd to 130 tons per month.	NOD	
2013022017	Magnolia Ranch Specific Plan Yuba County Marysville, Wheatland--Yuba The applicant, CEM Investments, is requesting approval of a Specific Plan (SP2006-0002), Change of Zone, Tentative Parcel Map (Large Lot Map), Tentative Subdivision Tract Map and Development Agreement on approximately 1,039 acres. The proposed project would result in development of a mixed-use community with approximately 3,000 to 4,200 dwelling units, including units that are age restricted, neighborhood commercial areas, a business professional area, an elementary and intermediate school, recreation areas, and dedicated open space with park trails.	NOD

2013091076	<p>Stockdale Integrated Banking Project Rosedale-Rio Bravo Water Storage District --Kern</p> <p>The Rosedale-Rio Bravo Water Storage District, as the Lead Agency, in consultation with the Irvine Ranch Water District (IRWD), as the Responsible Agency, proposes the Stockdale Integrated Banking Project. The proposed project would be located on three properties in the vicinity of Stockdale Highway and Enos Lane (Hwy 43). The proposed project would develop groundwater banking facilities, including recharge basins and groundwater production wells, on the three properties. The proposed project would augment the recharge and extraction capacity of Rosedale's existing Conjunctive Use Program and provide greater operational flexibility. The proposed project would also enhance water supply reliability for IRWD by providing contingency storage to augment supplies during dry-year periods when other supply sources may be limited or not available.</p>	NOD	
2014082033	<p>Napa Logistics Park Phase II Project American Canyon, City of American Canyon--Napa</p> <p>The proposed project consists of a use permit application for the amount and type of use on the subject property together with associated onsite and offsite infrastructure improvements. An existing wetland preserve, developed as part of Phase 1 of the Napa Logistics Park Project, would be maintained. Total buildout potential would be 2,271,000 sf of warehouse, distribution, E-commerce, manufacturing, and accessory retail/office on 173 acres.</p>	NOD	
2014122049	<p>Wastewater Treatment Plant Upgrade Project Colusa, City of Colusa--Colusa</p> <p>The project involves various upgrades to treatment process at the City's WWTP, one new secondary clarifier, replacement of collection system pipelines, improvements to sludge drying beds, conversion of dry ponds for seasonal water storage, new wastewater reclamation pipeline and future acquisition of property for wastewater reuse. The MND for this project was originally adopted by the City Council on March 17, 2015, with a NOD filed at the Colusa County Clerk's Office on March 24, 2015. This NOD applies to an amendment of the MND, as approved by City Council on November 17, 2015, per CEQA Guidelines Section 15164.</p>	NOD	
2015102059	<p>Dunnigan General Plan Amendment 2015-004 Yolo County --Yolo</p> <p>The project is a proposed general plan amendment to detach 183 acres from the Dunnigan Specific Plan area, and to redesignate and rezone the property from "Specific Plan" to "Agriculture" and to the "Agricultural Intensive (A-N)" zone. The site is currently undeveloped and has been under cultivation.</p>	NOD

	Operations and Planning Center on the ground floor. The Project would yield a net increase of 3,618 sf as compared to the size of the existing Sheriff's Station building. The total proposed developed floor area (FAR) is approximately .20 to 1. Ancillary site improvements to the existing surface parking lot, open space and landscaped areas are also proposed.		
2015121050	Zone 1 Moratorium Ordinance Revisions (Planning Case No. ZON2015-00555) Rancho Palos Verdes, City of Rancho Palos Verdes--Los Angeles The proposed "Zone 1 Moratorium Ordinance Revisions" would create a new exception category in the City's Moratorium Ordinance (Ch. 15.20 of the Rancho Palos Verdes Municipal Code) to allow the development of one (1) improved property with an event garden and agricultural use and one (1) undeveloped property in Zone 1 of the City's Landslide Moratorium Area with single-family residential structures. Within Zone 1, there are only two legal lots that could lead to a total of two new single-family residences and associated residential structures.	MND	01/15/2016
2015121053	Site Plan (SP15-03) - Brawley Elementary School District Middle School Brawley, City of Brawley--Imperial A site plan in order to permit a Middle School on a designated school site in the La Paloma Specific Plan Area/Subdivision. The property is currently zoned P-D (Planned Development) and S (School) in the Specific Plan. The site is currently vacant and is 20.0 acres in size. The proposed site plan shows the addition of a middle school, parking and landscaping to be included on the site as well as offsite improvements.	MND	01/15/2016
2015121054	Conditional Use Permit (CUP) for Temporary Outdoor Events Case No. PL15-0043 Ventura County Thousand Oaks--Ventura The applicant requests that a CUP be granted to authorize "Festivals, Animal Shows, and Similar Events, Temporary Outdoor" (Ventura County Non-Coastal Zoning Ordinance, Section 8102-0) ("temporary outdoor events"). The proposed temporary outdoor events will consist of corporate functions, non-profit events, rehearsal dinners, bridal and baby showers, tea parties, private events, and weddings.	MND	01/15/2016
2015121055	5563RPN; (a) General Plan Amendment Case No. 21; (b) Amendment of Zoning Map No. 124, Zone Change Case No. 77; (c) Conditional Use Permit Case no. 69; Kern County Bakersfield--Kern Bakersfield Sports Arena - Maria Varela by Pasquini Engineering (PP13334) As proposed, the requests are to facilitate operation of an outdoor sports arena for entertainment purposes, specifically, outdoor concerts for up to 3,000 spectators and up to 100 employees for a maximum onsite occupancy of 3,100 people. An existing equestrian facility, permitted under CUP 45, Map 124 (approved June 9, 1994; Resolution 49-94) will continue to operate; however, the equestrian/sporting events will not occur simultaneously with outdoor concerts. The estimated maximum number of concerts to be held per month is four during the concert season which will start in February and end in October. as proposed, the equestrian/sporting events and concerts will be conducted within a secondary enclosed gated area adjacent to the parking area. 2015121056	Mission Hills Pressure Zone Infrastructure Improvements Project Coachella Valley Water District --Riverside CVWD proposes construction of the Mission Hills Pressure Zone Infrastructure Improvements Project consisting of construction of three (3) 6.5 million gallon potable water reservoirs to be located on a 10-acre site on a portion of APN 648-030-016 (a 171.02-acre parcel owned by the U.S. Bureau of Land Management [BLM]) at the northeast corner of Rio Del Sol Road and Vista Chino Drive in the community of Thousand Palms, Riverside County.	MND	01/15/2016
2015121057	Ramp Metering and Two Mixed Flow Lane at Shaw and Ashlan Avenues Southbound On-Ramp Caltrans #6 Fresno--Fresno Caltrans proposes to install ramp metering and two mixed flow lane at the Shaw Avenue southbound on-ramp and Ashlan Avenue southbound on-ramp on SR 99. The project also includes construction of an Auxiliary lane on southbound SR 99 between the Olive Avenue on-ramp and Belmont Avenue off-ramp. To accomplish this project my need additional right of way for the proposed work.	MND	01/15/2016
2015122040	Parcel Map 15-02, Olive Ninety-Nine Corporation Tehama County Red Bluff--Tehama To create 3 parcels; one of approx. 202.0 acres, one of approx. 86.0 acres and one of approx. 187.0 acres, in an AG-2; Agriculture/Valley District (871,200 sq. ft. 20 acre minimum) Zoning District on approx. 470 acres. All parcels are contracted under the Williamson Act. APNs: 037-070-19, 20, 21. The project is located on the west side of Rawson Road, approx. 4000 feet north of the Rawson Road/ Dusty Way intersection.	MND	01/15/2016
2015122042	Il Vicinato Planned Developemnt Los Gatos, City of Los Gatos--Santa Clara The proposed project is planned development for 11 single-family homes, including subdivision, landscaping, an internal roadway, and associated infrastructure. All homes would include two-car garages and 10 additional guest parking spots would be included on the project site. The proposed project would include on-site storm water bioretention basins including a landscaped bioswale area. The proposed project would include demolition of the existing building on the project site, and the removal of up to 15 trees on the project site and one street tree, all of which are protected by the Town's Tree Protection Ordinance.	MND	01/15/2016
2015122043	3607 Kifer Road Office Project Santa Clara, City of Sunnyvale--Santa Clara The project is requesting a CUP for off-site parking to construct a new five-story, 177,134 sq. ft. office building at 3607 Kifer Road and a new five-level, 310,385 sq. ft. parking garage off-site at 3697 Tahoe Way.	MND	01/15/2016
2015121051	Puente Hills Landfill Park Master Plan Los Angeles County Parks & Recreation Industry--Los Angeles The proposed project is a long range master plant that over time would develop a portion of what was formerly the largest landfill in the western US into a regional park, providing recreation and open space for the greater LA area. County of LA	NOP	02/01/2016

	Department of Parks and Rec has the opportunity to create a new regional park uniquely situated at the western end of Puente Hills on a large industrial closed landfill site that is owned and maintained by the Sanitation Districts of LA County (Sanitation Districts).		
2015121052	Westminster General Plan Update Westminster, City of Westminster--Orange The proposed project is an update to the City of Westminster's General Plan and is intended to shape development in the City and its sphere of influence (SOI) over the next 30-plus years. The General Plan Update involves reorganization of the current General Plan into the following eight elements, which include those required by state law and two additional elements: Land Use; Mobility; Parks and Recreation; Public Services, Facilities, and Natural Resources; Public Health and Safety; Housing Economic Development; and Community Design. Buildout of the General Plan Update would result in approximately 36,484 housing units, 118,463 residents, 19.2 million square feet of nonresidential building space, and 39,407 jobs in the City and its SOI.	NOP	01/15/2016
2015122041	Draft Environmental Impact Report for 401 - 409 Alberto Way Los Gatos, City of Los Gatos--Santa Clara Development of 2 new, steel frame, 2-story buildings totaling 92,800 sf over a two-level, below-grade parking garage including onsite employee amenity area, visitor parking, new landscaping and energy efficient and/or sustainable interior and exterior building elements. Development anticipated to fully comply with all applicable Town of Los Gatos 2020 General Plan goals and policies and applicable standards and guidelines established by Town Municipal Code. Proposed land coverage would be 49.6% and maximum height would be 35 feet, consistent with the General Plan Mixed-Use Commercial land use designation. Development would require demolition of all existing site improvements. Majority of project site would be excavated to approximately 20 ft to accommodate the proposed subterranean parking garage.	NOP	01/15/2016
1997032054	Crowley Lake Skate Park, Use Permit 15-004 Mono County Note: Addendum The proposed skate park consists of an approximately 10,000 sf skate park, paving the remaining looped road with an additional driveway to the east onto Pearson Rd, relocation of the existing bus stop, new curb and sidewalk, additional parking spaces, and a new ADA unisex restroom with water, sewer and electric connections. An updated site plan memorializes all existing and proposed uses, including the existing Crowley Lake Community Center, community garden, sidewalk, pergola and outdoor area behind the CLCC, parking, bus stop, trash enclosure, Digital 395 transformer box, sewer lines, and wetland boundary. The skate park will be constructed primarily of poured and finished concrete, steel, and rocks, with a park design that will be vetted by the community. The skate park design will include use of local materials and vistas, and will protect the adjacent wetland and riparian area. Skate park features are intended to serve all ability levels and may include a continuous motion pump track, below grade mini ramps and bowls, and above grade features like hips, quarter pipes, volcanoes, pyramids, tombstones, etc. Max heights above and below grade may extend 4-6 ft	NOD

	in either direction.		
2005121098	Sugarbush Residential Development Project San Diego County San Marcos, Vista--San Diego The applicant proposes to develop 45 single family residences, roads and associated infrastructure including detention/bioretenion basins in the western portion of the 115.5 acre property. The project has 45 residential lots ranging in area from 0.5 to 1.73 acres, two open space lots totaling 75.84 acres, and two detention/bioretenion basins. Initial improvements are grading of the Sugarbush Drive extension through the site including connection to water and sewer utilities and improvements to the Cleveland Trail emergency access route.	NOD	
2015042047	Ashland Cherryland Business District Specific Plan Update Alameda County --Alameda The proposed project involves the adoption of the Ashland and Cherryland Business District Specific Plan. The proposed specific plan would update the existing ACBD specific plan adopted in 1995. The proposed specific plan includes policies and development standards to guide future development in the East 14th Street/Mission Blvd and Lewelling/East Lewelling Blvd corridors in Ashland and Cherryland, two unincorporated communities within the County of Alameda.	NOD	
2015042070	Floathouse Small Craft Rental Center and Cavanagh Landing Park Restroom Project Petaluma, City of Petaluma--Sonoma The proposed project would introduce a new public dock and Floathouse Office for the rental of small water crafts. A 22 ft by 20 ft floathouse office located on a 46 ft long by 36 ft wide floating dock would attached to the existing City dock. Improvements also include upgrades to the ramp and gangway connecting the existing City dock to the Weller Street access point to provide for ADA access, as well as a new restroom facility within Cavanagh Landing Park. This component includes a 143 sf handicap accessible restroom and proposed shower facility.	NOD	
2015061041	Richard A. Reynolds Desalination Facility Solar Project Sweetwater Authority Chula Vista--San Diego Sweetwater Authority is proposing the construction of a solar PV panel array in the vacant property west of and adjacent to the Richard A Reynolds Desalination Facility. Subsequent to the adoption of the IS/MND, minor changes were made to the project, including revisions to project description, avoidance of surface water flow paths, revisions to habitat acreage, and revisions to mitigation measures. Sweetwater Authority determined that no new or substantially increased impacts would occur as a result of these changes.	NOD	
2015061050	1125 So. Cleveland Street Townhomes Project Oceanside, City of Oceanside--San Diego The project involves four entitlement request (Tentative Map T15-00002, Development Plan D15-00002, Variance V15-00001 and Regular Coastal Permit RC15-00003) for the development of a 15-unit residential townhome project on a 0.57-acre lot. The project includes a tentative subdivision map to consolidate five parcels into one and to create 15 condominium airspace units. A variance was approved pursuant to section 1701 of the zoning ordinance to allow a 10 ft front	NOD

2015112009	Walker Hall Renewal University of California Davis--Yolo UC Davis proposes to renovate Walker Hall , a building of approx. 45,000 sq. ft. on a site of approx. two acres, in the core area of the UC Davis main campus. Walker Hall was constructed in 1927 as a building for engineering with offices, classrooms, and laboratory spaces. The building consists of a two-story portion oriented east-west and three shorter wings oriented north-south. The building is currently vacant and after construction, the proposed project would provide classroom seating for approx. 390 students and office space for approx. 50 employees. The existing footprint of the building would be maintained on the north, west, and east sides of the building. The south portion of each of the three wings of the building would be shortened to accommodate a new pedestrian walkway.	EIR	02/01/2016
2015121058	CSUSB Parking Lot N California State University Trustees San Bernardino--San Bernardino Development of the approximate 7.0 acre, 1,300 space parking lot. Recent revisions to the Campus Master Plan include relocation of planned student housing to an existing surface parking lot (Parking Lot E), which will remove 598 parking spaces from the campus-wide parking capacity which is currently deficient. The Proposed 1,300 space parking lot would make up for the removal of Parking Lot E and accommodate existing and future demands. The Proposed Project would include the construction of bio swales within the southernmost portion of the site that would contain subsurface storm water retention and infiltration components. All surface flows from the parking lot would be directed to the bio swales for percolation into the groundwater aquifer.	MND	01/19/2016
2015121059	City of Parlier 2015-2023 Housing Element Update Parlier, City of Parlier--Fresno The project is the adoption and implementation of the Parlier General Plan 2015-2023 Housing Element. The Housing Element is one of seven required elements of the General Plan. It addresses existing and future housing needs of persons of all economic segment groups, and serves as a tool for decision makers and the public in understanding and meeting housing needs in Parlier. While the law does not require local governments to construct housing to meet identified needs, it does require that the community addressing housing needs in its discretionary planning actions by creating opportunities housing in the land use plan and facilitating housing development through policy. 2015121065	Mary's Village San Bernardino, City of San Bernardino--San Bernardino The project consists of the development of a residential complex providing residential, medical, behavioral health, training, and supportive services. Phase 1 (2.92 acres) of the project includes the construction of four single-story 7,000 sq. ft. residential buildings (each including common kitchen, dining, and living areas, training rooms, and administrative offices) that will accommodate up to 82 residents (total). Subsequent phases include: approx. 17,700 sq. ft. of medical, administrative, and educational space in up to three buildings on approx. 2.91 acres (Phase 2); up to 15 rent-subsidized housing units on approx. 3.05 acres (Phase 3); and up to 20,000 sq. ft. of in two structures to house support/ community services and a chapel (Phase 4).	MND	01/19/2016
2015121068	Santa Monica Post Office Productions Santa Monica, City of Santa Monica--Los Angeles 1248 5th Street, LLC (applicant) proposes to expand the floor area in the former U.S. Post Office building at 1248 5th St. for creative office use, arts, and media uses, by Skydance Productions. The project site (Assessor ID Number [AIN] 4291-004-017) is comprised of 5 parcels totaling 37,388 sq. ft. The proposed project would adaptively reuse the historical building for creative office through additions and interior remodeling to expand the currently available floor area by 12,852 sf, for a total of 46,820 sf including a 16,022 sf basement. The project would include construction of a proposed addition to the rear extension of the building along 4th Court while preserving and rehabilitating its historic character-defining features in a manner consistent with applicable city, state, and federal guidelines including the Secretary of the Interior standards.	MND	01/19/2016
2015121070	Site Plan Review 14-05 Lancaster, City of Lancaster--Los Angeles Construction and operation of a 11,200 sq. ft. commercial building on 1.94 acres.	MND	01/19/2016
2015121071	ENV-2014-3143-MND-REC1 / 3018, 3024 N Washington Boulevard Los Angeles, City of --Los Angeles The proposed project involves the change of use of an existing 762-sq. ft. office space (previously maintained as a medical marijuana dispensary) to a one-story, 1,454 sq. ft. restaurant and wine bar with an outdoor dining area; the project includes a 458 sq. ft. addition and 184 sq. ft. of outdoor patio dining space.	MND	01/19/2016
2015121072	Tao Restaurant Los Angeles, City of --Los Angeles The proposed Project is the demolition of three buildings for the construction, use, and maintenance of a 20,624 sq. ft. restaurant consisting of two levels and a 6,000 sq. ft. retail space. The restaurant will have a maximum 333 seats. Music provided by a DJ would be located on the lower level of the restaurant. The construction of the restaurant and retail space is allowed by right. However, the project has a discretionary request for triggers CEQA review because it is seeking a CUP to permit a full-line of alcoholic beverages for on-site consumption within the restaurant portion of the project. 2015122044	Los Gatos HighSchool Classroom and Music Buildings Los Gatos-Saratoga Joint Union High School District Los Gatos--Santa Clara The classroom and music buildings are proposed on the portion of the Los Gatos High School (LGHS) campus that is currently developed with the maintenance yard, paved parking, and a portable classroom building. Prior to construction of the proposed classroom and music buildings, the existing maintenance yard would be relocated to the natural turf area located behind the home football field bleachers and the portable classroom building would be removed from the campus.	MND	01/19/2016
2015122046	Laguna Creek Trail-South Camden Spurt Project Elk Grove, City of Elk Grove--Sacramento The City of Elk Grove proposes to construct an approx. 0.5 mile paved asphalt multi-use trail from the north end of Camden Park south to Bond Road with a combined bridge/weir crossing at Camden Lake, as an extension to the Laguna Creek Trail. The northern end of the proposed project would connect to the western end of the Laguna Creek Trail. The proposed Project includes at least two slightly wider areas for park benches, trash receptacles, dog waste bag containers, and biologic educational signs. The majority of the proposed Project will be constructed within the 100-year floodplain. The proposed Project is consistent with the Elk Grove General Plan and the Elk Grove Bicycle, Pedestrian, and Trails Master Plan. Each of these plans identifies the need for an off-street multi-use trail system providing connections throughout the City and the Sacramento region. The Project would close a gap in the overall Laguna Creek Trail system, provide improved access between residential and commercial areas and schools, and present recreational opportunities and an alternative method of transportation for City residents.	MND	01/19/2016
2015122047	Laguna Creek Trial-North Camden Spur Project Elk Grove, City of Elk Grove--Sacramento The City of Elk Grove proposes to extend a multi-use trail from the west end of the existing Laguna Creek Trail at the northern tip of Camden Park to MacDonald Park via Beckington Drive. Laguna Creek Trial offers access to Old Town Elk Grove, Camden Lake, residential neighborhoods, and many retail centers and restaurants. The proposed project is partially located within the 100 year floodplain.	MND	01/19/2016
2015122048	Sweeney/McCune Creek Outflow Recovery and Automation Project Solano Irrigation District Vacaville--Solano Solano Irrigation District, in cooperation with Bureau of Reclamation, proposes to install a long crested weir, along with integrated flume meters and automated	MND	01/19/2016

	discharge gates, within the Sweeney and McCune Creek confluence. The proposed project would recover substantial surface water outflow for redistribution and water conservation within the Solano Irrigation District boundaries, and provide the District the opportunity to impound and measure downstream water deliveries using supervisory control and data acquisition controlled automated gates to measure flow where water savings are not currently quantifiable.		
2015122051	The Sea Ranch Association Fiber Optic Project (PLP15-0042) Sonoma County --Sonoma Request for a coastal permit with hearing and use permit for underground installation of 59.8 miles of fiber optic telecommunications network outside the roadway, located next to roads and in trails serving 2,280 lots in all the sea ranch subdivision units.	MND	01/19/2016
2015122052	Crocker and Aldridge Warehouse Project Vacaville, City of Vacaville--Solano The project proposal consists of the construction of five office/warehouse buildings on an approx. 22.07-acre parcel located at the southwest corner of Crocker Drive and Aldridge Road. The applicant is proposing to construct an approx. 322,000 sq. ft. warehouse building on one parcel, and four approx. 17,100 sq. ft. warehouse buildings on an adjoining parcel. All proposed buildings are one-story tilt-up concrete panel structures. The site plan includes on-site landscaping, five driveways on Crocker Drive, two driveways on Aldridge Road, and 343 on-site parking spaces.	MND	01/19/2016
2015122053	490 El Camino Real Mixed-Use Project Belmont, City of Belmont--San Mateo The demolition of two existing commercial buildings and the construction of a horizontal mixed-use project that includes 73 residential units (1, 2 and 3-bedroom units) in two, three-story buildings with a stand-alone 4,990 sq. ft. of retail space in a single-story building. The project would also require a rezoning from C-2 General Commercial to PD-Planned Development.	MND	01/19/2016
2015121066	Town and Country San Diego, City of San Diego--San Diego The project is requesting General Plan Amendment and Community Plan Amendment to amend the Atlas Specific Plan and the Mission Valley Community Plan; Rezone; Vesting Tentative Map for a nine lot subdivision; a Planned Development Permit (PDP) to amend Planned Commercial Development (PCD) 88-0585; a Site Development Permit (SDP) to amend SDP 400602, CUP to amend CUP 88-0585; and various Easement Vacation to co-residential uses. The existing hotel rooms would be reduced from 953 to 700; whereas the convention space would be reduced from 212,000 to 177,137 sq. ft.; lastly, 840 residential units and associated parking structures would be constructed. The project would also construct various site improvements, including associated hardscape, landscaping, and retaining walls. The project would obtain a Leadership in Energy and Environmental Design (LEED) Silver Certification, in conformance with the criteria of the Affordable/In-Fill Housing and Sustainable Buildings Expedite Program. The project site is located at 500 Hotel Circle North. The site is within the OF-1-1 Zone along the northern portion of the site and within the MVPD-M/SP	NOP	01/19/2016

	zone (Atlas Specific Plan) for the remainder of the site. Additionally, the project site is within the Residential Tandem Parking Overlay Zone, the Transit Area Overlay Zone, Airport Land Use Compatibility Overlay Zone for Montgomery Field, the Airport Influence Area (AIA) for San Diego International Airport (SDIA) and Montgomery Field (Review Area 2), the Federal Aviation Administration Part 77 Notification Area for the SDIA and Montgomery Field and the Mission Valley community Plan area. The site is not included on any Government Code listing of hazardous waste sites.		
2015122045	Colusa-Sutter Transmission Line (CoSu Line) Sacramento Municipal Utility District --Colusa, Sutter, Sacramento, Yolo Note: Exended Review per lead	NOP	04/18/2016
	The project will examine several different alternatives as part of the environmental review process. The alternatives would include the following components: Up to 44 miles of new transmission lines. A new Substation located adjacent to the existing substation in Maxwell or adjacent to the existing COTP transmission line northwest of Arbuckle. A new substation adjacent to Western's existing O'Banion Substation south of Yuba City.		
2015121069	County of Fresno 2015-2023 Housing Element Fresno County --Fresno The proposed project is the County of Fresno 2015-2023 Housing element of the General Plan, to be adopted as required by Gov't Code Section 65580 et. seq. The General Plan Housing Element is a multi-year housing plan covering the period 2015-2023. As a policy-level document, the 2015-2023 Housing Element will not entitle or fund any specific project. It proposes no changes to the land use designations that are allowed by the General Plan. The Element lists programs that may be utilized by development projects requiring approvals and review under CEQA, but the Element does not provide the approval for any development project or for any program that may be utilized by a development project.	Neg	01/19/2016
2015122050	Humane Society - Minor Subdivision - MS1602 Del Norte County Crescent City--Del Norte The applicant proposes to subdivide their property located at 811 Elk Valley Road (APN 112-180-43) into two parcels. The applicant is concurrently applying for a boundary adjustment with property at 871 Elk Valley Road (APN 112-180-42). The boundary adjustment will decrease APN 112-180-43 from 6.95 acres to 6.92 acres. The subdivision will result in two total parcels sized 2.97 acres 3.95 acres. Currently there are two residences on the property - one is being used as a cat shelter, two barns - one is used as s commercial nursery, and two storage sheds. Each of the existing residences is served by separate hookups to the City of Crescent City water and each has its own septic system and leach field. Each of the proposed lots will have one residence, one barn, and one shed. They will share a common driveway with access from Elk Valley Road.	Neg	01/19/2016

	berm embankment reinforcement, restoration of a gravel access road, creation of a floodplain habitat on the San Joaquin River and construction of a temporary crossing on the San Joaquin River.		
2015022073	Remedial Action Plan for Site 24/Former Dry Cleaning Facility at Treasure Island Toxic Substances Control, Department of San Francisco--San Francisco The DTSC is proposing to approve a Remedial Action Plan pursuant to authority granted under Chapter 6.8, Division 20, California, California Health & Safety Code (H&SC). The purpose of this RAP is to implement remedial activities at Site 24 that are protective of public health and safety and the environment. Site 6 is a former fire training school at the former Naval Station at Treasure Island. The human health risk assessment identified potential future risks to hypothetical future residential use of the site from soil contaminants including bensene, ethylbenzene, manganese, meta-chlorophenylpiperazine, naphthalene, xylkenes, 1, 1, 2-trichloroethane and total petroleum hydrocarbons. The ROD/Final RAP accomplishes the remedial action objectives by implementing the following activities: excavation of contaminated and offsite disposal to permitted facilities; backfilling of excavations with clean fill; long-term groundwater monitoring; and placing land use restrictions.	NOD	
2015032094	North American Wetlands Conservation Act 3 - Lower Putah Creek Floodplain Restoration Solano County Water Agency Winters--Solano, Yolo The project will restore approximately 2,000 lf (14.03 acres) of Putah Creek from approximately Johnson Road to Boyce Rd. The project is contiguous with Phase 1-3 of the Winters Putah Creek Nature Park Channel Realignment Project (No. 1600-2011-0010-R2). The project will isolate the flow of Putah Creek from construction areas; clear and grub marked vegetation on existing terraces; grade terraces to functional floodplain elevation; fill and/or narrow an existing split channel with spawning gravels; remove and control invasive plant species; and plant native vegetation. CDFW has executed lake and streambed alteration agreement no. 1600-2015-0130-R3, pursuant to section 1602 of the fish and game code to the project applicant, Richard Marovich/Solano County Water Agency.	NOD	
2015041074	Hesperia Farms Site Solar Facility Project Lake Arrowhead Community Services District Hesperia--San Bernardino Development of the proposed Hesperia Farm Site solar facility will consist of clearing any vegetation from this existing disturbed site and installing solar panels and support equipment within approx. 5 to 6 acres. The District seeks to install up to 0.96 megawatt (MW) of solar electric panels. The panels would be installed on a pedestal and track the sun. About 2,160 panels will be installed on the project site. The electricity produced by this facility will be connected to the local electric grid adjacent to the project site at the southeast corner of the District's Hesperia Farms property. The electricity produced is expected to be metered into the regional grid and credits will be obtained to offset energy consumption by individual District facilities.	NOD

	is an approval of a 5-yr General Lease - Industrial Use, beginning March 24, 2015, through March 23, 2020, and authorization to accept a quitclaim deed for the termination of the lease.		
2015101098	Mohave Valley Conservation Area Backwater Project California State Lands Commission Needles--San Bernardino Bureau of Reclamation proposes to excavate soil to create about 50 acres of backwater channel and associated backwater habitat on a 149-acre portion of a vacant parcel. The backwater channel would be connected to the Colorado River by the construction of inlet and outlet water control structures. The area is currently used as an Off-Highway Vehicle recreation area. The proposed project would be carried out in the following four phases: Vegetation Clearing; Excavation and Construction; Establishment/Re-Vegetation; and Habitat Management, Operations, and Maintenance. The State Lands Commission action is an approval of a 49-year General Lease - Public Agency Use through December 17, 2064.	NOD	
2015101112	Proposed Sale of School Lands in Imperial County California State Lands Commission --Imperial The California State Lands Commission proposes to partition a 640-acre School Lands parcel (APN 003-240-005) and sell three smaller parcels, referred to as the "Slab City," Salvation Mountain, " and "East Jesus" parcels. The CSLC action is to adopt the ND and approve the sale of the East Jesus School Lands parcel.	NOD	
2015102087	Water Treatment Plant Replacement - 2015 Donner Summit Public Utility District --Nevada The project will involve improvements to the existing water system in order to correct deficiencies in the existing treatment process. The proposed project involves the construction, operation, and maintenance of new filters, expansion of the existing treatment plant building, improvements to the existing clearwell, elimination of existing cross connections, improvements to chemical feed systems, improved backwash reclamation facilities, improvements to electrical controls, telemetry, and instrumentation, and replacement of the existing generator. The project as proposed will directly benefit the entire system. The project will assure provision of a safe reliable source of drinking water in compliance with State Division of Drinking Water standards.	NOD	
2015112014	Balfour Road Shoulder Widening Contra Costa County Brentwood--Contra Costa Contra Costa County Public Works Department (CCCPWD) plans to widen Balfour Road to bring the shoulders up to current design standard to provide a driver recovery area and a bike lane. The project segment is approximately three miles long and is a narrow, two-lane road that receives substantial traffic as it is used as a thoroughfare between Brentwood and Discovery Bay as well as a commuter route to SR 4. The project consists of widening the existing 18- to 20-ft pavement width to 36 ft wide (two 12-ft wide travel lanes with 6-ft wide paved shoulders/bike lanes and 2-ft wide shoulder backing on each side). The project does not increase the number of travel lanes and will therefore not increase the capacity of the roadway. The majority of the widening will occur along the south side of Balfour Rd. The segment between Byron Hwy and Bixler Rd will require adding 16 to 18 ft of asphalt pavement primarily along the south side of the rd. The segment	NOD

<u>Documents Received on Friday, December 18, 2015</u>			
	<p>between Sellers Ave and Byron Hwy will require adding 16 to 28 ft of asphalt pavement along the south side. Left turn lane pockets will be added on the east and west legs of Balfour Rd at Byron Hwy and a left turn pocket lane will be added on the west leg of Balfour Rd at Bixler Rd. A drainage system consisting of an open roadside ditch and underground pipe will be installed to collect and convey roadside runoff. The existing County rd ROW varies from 40 to 100 ft. CCCPWD will need to acquire strips of land in those areas where the existing ROW cannot accommodate the shoulder widening, and utility relocations. The strips of land to be acquired vary between 5 to 15 ft along the north side of Balfour Rd from various parcels and between 5 to 44 ft from various parcels along the south side of the road. The ECCID holds easements and fee titles within some of the parcels where they have their canal and underground pipe facilities. Residential landscape trees and fences located within the proposed ROW will need to be removed. Temporary construction easements will also be needed for construction staging areas. Construction of the project is anticipated to start in 2017 and take approximately six months to complete.</p>		
2015112021	<p>Ecosystem Restoration and Floodwater Attenuation on the San Joaquin national Wildlife Refuge Water Resources, Department of --Stanislaus</p> <p>To install three new 48-in diameter gated pipes fitted with manually-operated slide gates, and to authorize one existing 36-in diameter gated pipe under the project levee of the San Joaquin River on the Refuge land.</p>	NOD	
2015129004	<p>Construction and Operation of Well #18 and Pump House. Chino, City of Chino--San Bernardino</p> <p>SWRCB, as the responsible agency, will be issuing a water supply permit. The City of Chino's proposed project includes constructing 1,300 gallons per minute well and 400 square-foot pump house with a water treatment facility inside to treat nitrates. An electrical transformer and stand-by generator will also be installed and operated. The site will be paved and a wall will surround the structure, with gated access. The well will provide water to a new 388-unit residential subdivision.</p>	NOD

2015121078	Paradise Meadows Potable Water Storage Tank and Transmission Pipeline Project Eastern Municipal Water District Menifee--Riverside Eastern Municipal Water District (Eastern) proposes to construct and operate a 5-million gallon (5-MG) welded steel, above-ground potable water storage tank measuring 44 feet in height with an internal diameter of 157 feet; an approximate 0.39-MG detention basin located approx. 350 linear feet east of the proposed tank; an access driveway measuring approx. 20 feet in width that would connect to the proposed Paradise Meadows Drive in the adjacent housing tract; a v-ditch to convey partial site runoff to the storm drain system, and a transmission pipeline measuring up to 24-inch in diameter within the tank access road, from the tank to the public right-of-way on proposed Paradise Meadows Drive.	MND	01/19/2016
2015121079	Villa del Monte Neighborhood Plan Monterey, City of Monterey--Monterey The project analyzed in this Initial Study is the Villa Del Monte Neighborhood Improvement Plan (hereinafter Plan). This document identifies projects for near-term implementation and also contains guidelines to formulate future projects that will continue to implement the vision and goals for the Villa del Monte (VDM) neighborhood: beautification identify, traffic calming, safety, and recreation enhancements. This Initial Study includes review of concept designs for individual projects identified in the Plan. The Plan groups these projects into seven areas, and this Initial Study reviews possible environmental impacts from project components. Implementation of these projects will result in multiple small-scale construction projects. The timeline for construction will be dependent on available funding and the City will conduct the appropriate level of CEQA review prior to taking any action.	MND	01/19/2016

	the construction and operation of two groundwater production wells, two reservoirs, a booster station, a backup generator building, a pipeline to convey water from the well site to the City's existing water distribution system, and potentially a nitrate treatment plant.		
2015061074	Banning Master Drainage Plan Line H, Stage 1 Project Riverside County Flood Control and Water Conservation Banning--Riverside The District proposes to construct, operate and maintain an underground storm drain system comprised of approximately 200 ft of 7-ft wide by 4-ft high reinforced concrete box and approximately 3,700 ft of reinforced concrete pipe ranging in size from 48-in to 72-in diameter. The underground storm drain would be constructed along South Hathaway St, beginning at approximately East Barbour St and extending approximately 0.5 mile south to Wesley St and then continuing east along Wesley St for approximately 0.25 mile to a proposed outlet at the Smith Creek Channel. Existing utilities within Wesley and South Hathaway St may need to be relocated during construction. Associated appurtenant structures to be constructed within and adjacent to Hathaway St and Wesley St right-of-ways include inlets, and catch basins. A wing wall outlet structure and riprap apron would be constructed at the storm drain outlet proposed at Smith Creek. This wing wall outlet structure would require removal and reconstruction of existing concrete slope paving at Smith Creek.	NOD	
2015081084	Cross Valley Canal Extension Lining Project Kern County Water Agency Bakersfield--Kern Replace the earthen lining of the Cross Valley Canal Extension with a concrete liner.	NOD	
2015091075	NLP Valley Center Solar San Diego County --San Diego The project is a Major Use Permit for a solar energy generating facility. The project consists of an approximately 2.5 mw solar facility. The proposed solar facility would be installed on a 2.6 acre MUP lease area of an approximately 66-acre project site.	NOD	
2015101111	2015-2023 Housing Element Initial Study Salinas, City of Salinas--Monterey The proposed project is a comprehensive update of the General Plan Housing Element for the 2015-2023 cycle.	NOD	
2015129005	Indoor Shooting Range Code Amendment Carlsbad, City of Carlsbad--San Diego A request to recommend adoption of findings to determine that the project is within the scope of the previously certified General Plan EIR 13-02; and recommending approval of a Zoning Ordinance Amendment and a Local Coastal Program Amendment to add "indoor shooting ranges" as a conditionally permitted use in the Planned Industrial (P-M) Zone and to establish development and operational standards for indoor shooting ranges. 2015129006	<p>Clarksfield Development Project within Millerton New Town (California Endangered Species Act Incidental Take Permit No. 2081-2014-077-04 (ITP)) Fresno County --Fresno</p> <p>The project will involve the development of a planned residential community over approximately 369.5 acres of non-native grasslands and oak woodlands, portions of which adjoin the seasonal White Fox Creek. Because the entire 369.5 acre Project Site does not represent habitat and because some areas will be completely avoided, the Project will result in impacts to 249.9 acres of California tiger salamander (<i>Ambystoma californiense</i>) habitat, including permanent impacts to 246.5 acres of upland habitat and 2.4 acres of potential breeding habitat (one pool) for the species. The Project is expected to result in incidental take of California tiger salamander, which is designated as a threatened species under the California Endangered Species Act. The ITP referenced above as issued by CDFW authorizes incidental take of species listed under CESA that may occur as a result of Project implementation.</p>	NOD

	protected trees (Oaks) and eight non-protected trees that are all proposed to be preserved on the site.		
2015121087	Garfield Avenue and Alondra Boulevard Zone Change and General Plan Amendment Paramount, City of Paramount--Los Angeles The proposed project is a General Plan Amendment and Zone Change for a number parcels located near the northeast corner of the intersection of Garfield Avenue and Alondra Blvd. The total area of the properties that will undergo a GPA and ZC is 4.22 acres. The existing General Plan and Zoning designations contemplate industrial uses for the project area. The City intends to re-designate the project area to a commercial land use designation that would allow for the development of a range of commercial uses that might include but not limited to, a hotel, restaurants, and retailing uses. This change in the uses that would be permitted would require a GPA from Industrial to Commercial and a ZC from Heavy Industrial (M-2) to Planned Development with Performance Standards (PD-PS).	MND	01/20/2016
2015122055	2016 Fisheries Restoration Grant Program, the Steelhead Report Fish & Wildlife #2 -- This project uses grant funds approved by the CA Legislature to initiate activities that are designed to restore salmon and steelhead habitat.	MND	01/20/2016
2015122059	779 East Evelyn Avenue Family Housing Project Mountain View, City of Mountain View--Santa Clara The project would demolish a one-story, 29,600 sq. ft. vacant commercial building with a convenience store and a two-story, 14,800 sq. ft. office building, parking lots, landscaping, trees, and driveways on the L-shaped, 1.93-acre project site. Following demolition, a four-story, 116-unit residential building would be constructed with 2 manager units and 114 affordable rental units for qualifying very-low and low income households. The apartments would be constructed over a two level parking garage (one-level at grade and one-level below grade) with a podium courtyard with outdoor amenity space. The project also includes a new center turn lane on South Bernardo Avenue and new bicycle lanes on South Bernardo and East Evelyn Avenue.	MND	01/20/2016
2015122060	2nd and Walpert Residential Project Hayward, City of Hayward--Alameda The proposed project includes construction of a residential development consisting of 97 detached residential units on approx. 15 acres of primarily vacant land. The project would result in demolition of one existing occupied residence on Walpert Street and may result in demolition or significant rehabilitation of up to three existing occupied residences on 2nd Street to accommodate the proposed developments.	MND	01/20/2016
2015121088	San Fernando Corridors Specific Plan Amendment San Fernando, City of San Fernando--Los Angeles The project would amend and update the existing Specific Plan and contain a comprehensive set of plans, exhibits, regulations, conditions and programs for orderly development within the City of San Fernando. The update to the Specific	NOP	01/20/2016

	Plan would expand the boundaries from the existing Specific Plan and promote the development of a walkable, mixed-use, multi-modal environment that accommodates housing, retail, office, and light industrial uses.		
2015121089	Clairemont High School Athletic Facilities and Whole Site Modernization Project San Diego Unified School District San Diego--San Diego The proposed project is the proposed operation o the existing athletic facilities and modernization of the campus to include new portable buildings, new sidewalks, remodel existing buildings, interior building upgrades, various safety and security improvements, and new LED parking lot light poles.	NOP	01/20/2016
2015122056	Kings Beach State Recreation Area General Plan Parks and Recreation, Department of --Placer Note: Extended Review Per Lead The proposed project is a General Plan revision for KBSRA and the Conservancy plaza parcel by DPR and approval reconstruction of Kings Beach Pier that complies with all applicable TRPA and state laws, planning guidelines, policies, and regulations. The existing General Plan was approved in 1980 and only addresses 6.82 acres of the park/beach lands. At the time, the plaza area was occupied by dilapidated commercial buildings and the boat ramp/parking was owned and operated by the CA Dept. of Boating and Waterways. The boat ramp and associated parking will be added to the KBSRA with the General Plan revision. The plaza will also be covered by the General Plan. A General Plan revision is necessary to incorporate the additional areas formerly owned by DBW and those areas within the KBSRA General Plan planning boundary owned by the Conservancy. The revised General Plan will also provide a long-term and comprehensive framework for the management of the 13.91 acres that it covers.	NOP	04/15/2016
2015082064	Use Permit Application No. PLN2015-0069 - Flory Industries Stanislaus County --Stanislaus Request to expand an existing manufacturing facility by adding a 27,950 sq. ft. warehouse, a 16,422 sq. ft. expansion of an existing fabrication shop, and a 2,500 sq. ft. office remodel and expansion. The project site originally approved as PD-308 was recently amended through Staff Approval PLN2015-0045, adding a 9,075 sq. ft. engineering shop, and a 20,000 sq. ft. paint shop. Flory Industries will demolish 7,870 sq. ft. of existing structures, when the new replacement buildings are constructed. A 12+/- acre portion of the 39 +/- acre parcel is improved as an orchard, which will remain in production. A private access driveway is proposed at the northwest corner of the project site., creating access to Kiernan Ave. The proposed private access driveway will direct truck traffic away from Toomes Road.	Neg	01/20/2016

	operating and maintaining a 2.2-mile-long shared use trail (with at grade and bridge elements) that extends the existing bike trail network through public lands commonly known as the Dollar and Firestone Properties. When implemented, the project may optionally include a trailhead parking facility near Dollar Drive and SR 28 to support trail users. The Conservancy previously approved grants of easements to Placer County for the improvements to proceed through Dollar (Placer County Parcels No. 92-010-21, 33, 34, 35 & 39; 92-240-21).		
2014072026	Delta Coves Utility Project Diablo Water District Oakley--Contra Costa The main objective of the Delta Coves Utility Project, as analyzed by the MND, is to serve the future residents of Delta Coves with potable water for domestic and fire suppression purposes and natural gas from the PG&E gas pipeline. A MND was previously prepared for the Delta Coves Utility Project, and adopted on August 27, 2004 by the Board of Directors of the Diablo Water District (DWD). An Addendum to the MND has been prepared for the purpose of addressing minor changes to the original project design, which consist of refined plans for the two antenna towers located at the Chloramination Plant, and the Pump Station Site. These two antennae structures were previously identified as being "approximately 40 to 50 ft high." The necessary project design specifications have shown that these antennae structures will each be approximately 90 ft high with one containing a 3" diameter antenna extending 10 ft above the top of the structure. Pursuant to CEQA guidelines, since the revised plans do not lead directly or indirectly to significant physical changes in the project, nor do these refined plans alter the adequacy or the completeness of the environmental impacts and mitigation measures identified in the MND; no public review was necessary.	NOD	
2015021038	Beverly Hills High School, Hawthorne K-8 School and El Rodeo K-8 School Improvement Project Beverly Hills Unified School District Beverly Hills--Los Angeles The Beverly Hills Unified School District is proposing improvements at Beverly Hills High School, Hawthorne K-8 School, and El Rodeo K-8 School to rehabilitate the existing structures at each campus through architectural upgrades, seismic upgrades, mechanical upgrades, electrical upgrades, technological upgrades and plumbing upgrades. Additionally, the proposed project includes the demolition of some buildings and construction of new buildings, as well as new perimeter fencing for additional security and access control. The proposed project also includes modifications to existing and new athletic facilities, and new parking facilities. Finally, hazardous materials, primarily asbestos and lead paint are in many of the buildings and will be removed, as well as soil contamination at BHHS and El Rodeo, as part of the proposed project. The proposed project will not result in an increase in the student, faculty or staff population beyond that of the current design capacity of the schools.	NOD	
2015082021	West Lake Tahoe Regional Water Treatment Plant Tahoe City Public Utility District --Placer Tahoe Conservancy approval of a land transfer of Placer County APN 098-330-004 (Conservancy owned), 097-050-018 partial (TCPUD owned) and 097-050-27 partial (TCPUD owned) between the Conservancy and TCPUD for the purpose of facilitating the Tahoe City Public Utility District's West Lake Tahoe Water Treatment Plant and furthering Conservancy program objectives to manage	NOD

2015102088	<p>Contra Costa County Climate Action Plan (CAP) Contra Costa County --Contra Costa</p> <p>The proposed project is the adoption of the Contra Costa County Climate Action Plan, a document that provides policies and identifies actions intended to reduce GHG emissions within unincorporated Contra Costa County, consistent with Assembly Bill 32 and Executive Order S-3-05. The CAP identifies how the County will achieve the AB 32 GHG emissions reduction target of 15 percent below baseline (2005) levels by the year 2020. In addition to reducing GHG emissions, the CAP includes policies and actions that improve public health and result in additional benefits to the community such as lower energy bills and enhanced quality of life. The CAP also lays the groundwork for achieving long-term State GHG reduction goals for 2035 and 2050.</p>	NOD	
2015112023	<p>Humboldt Bridge Preventative Maintenance Project Huntington Beach, City of Huntington Beach, Seal Beach--Orange</p> <p>To analyze the potential environmental impacts associated with maintenance activities on the existing Humboldt Drive Bridge to restore the integrity of its original design. Parts of the bridge have deteriorated due to normal wear from vehicular traffic and from tidal flux of the marine ecosystem setting during the last five decades, and the bridge has been deemed functionally obsolete due to aspects of its existing condition and a narrow roadway width identified by a routine Caltrans Bridge Inspection Report. Repair/rehabilitation will be conducted in two phases to allow the continued use of the bridge for vehicular and pedestrian access, and will require the following maintenance measures: Remove and replace the concrete barriers, sidewalks, and bridge deck; Sandblast, clean and paint the steel girders and other steel members; and remove unsound concrete and patch concrete at the bridge columns, requiring working platforms with fully enclosed protective covers. The existing bridge will be widened by approximately two feet on each side (from the existing width of 35 ft to a total width of 39 ft) and provide standard sidewalks on both sides. All existing utilities would be temporarily relocated and/or supported during construction, and replaced upon completion of the project.</p>	NOD	
2015128271	<p>Installation of Vehicle Speed Feedback Sign and Pavement Surfacing Caltrans #4 San Francisco--San Francisco</p> <p>The need of the project is to improve traffic safety at two spot locations by installing a Vehicle Speed Feedback Sign at SF-1-3-9; and resurfacing the deteriorating pavement surface on the Route 280 off-ramp to San Jose Avenue at SF-280-2.58.</p>	NOE	
2015128275	<p>Southeast Water Pollution Control Plant Building 521/522 & Disinfection Upgrade San Francisco, City and County of San Francisco--San Francisco</p> <p>A new building 522, approximately 1,600 square feet, would be constructed to house Wastewater Enterprise employees who currently work in building 521, employees are currently exposed to noise generated by the electrical distribution equipment and cramped quarters which create accessibility concerns.</p>	NOE

2015128276	Tenaja - Roadside Fuel Reduction Forestry and Fire Protection, Department of Murrieta--Riverside This project goal is to mitigate the potential impact that a wildland fire would have on a strategic evacuation route. Tenaja Road is a strategic route used by citizens living in the Santa Rosa Plateau area, near Murrieta, Riverside County, CA. The project intent is to reduce existing heavy fuel loads on critical road portions to a safe level, providing safe ingress and egress, protect the community, citizens and facilities and provide defensible space along the proposed road portion in the event of wildfire. Fuel reduction is proposed along the Tenaja Community Service District road easement and some identified private ownerships, up to 85 feet from road center line to each side of the road, or from fence to fence whichever comes first.	NOE	
2015128277	M. Silveira Elementary School Multi-purpose Room Addition and Modernization Dixie School District San Rafael--Marin Demolition of the north-facing wall, addition of approximately 1,200 square feet of new space to an existing 4740-sq.ft. multi-purpose room (MPR), and modernization of the MPR interior.	NOE	
2015128278	Los Ranchos Road Curb Ramp Replacement PProject (05-1G700) Caltrans #5 San Luis Obispo--San Luis Obispo The Purpose of the project is to reconstruct 3 curb ramps that meet current design standards. The project is Needed because the existing curb ramps do not meet current ADA requirements.	NOE	
2015128280	Yountville Veterans Home - Stream System Repair/Maintenance and AST Replacement Veterans Affairs, Department of Yountville--Napa The project involves repair of leaks in the underground steam line, installation of shut-off valves on high pressure steam lines in key locations throughout the campus and replacement of existing heat exchangers in 18 buildings. The project also involves replacement of an existing 66,000 gallon single-walled steel above-ground storage tank (AST) with a new 25,000 gallon double walled storage tank.	NOE	
2015128281	Yountville Veterans Home - ADA Access Barrier Removal Veterans Affairs, Department of Yountville--Napa Comply with the American with Disabilities Act (ADA) the California Dept. of Veterans Affairs proposes to replace forty (40) fire doors and associated hardware and update operating mechanisms in three (3) elevators in the Holderman Hospital. The project also involves installation of thirty (30) ADA compliant automatic openers at restroom doors in nine buildings throughou the campus.	NOE

2015031047	Jefferson and La Cienega Project Los Angeles, City of Los Angeles, City of--Los Angeles Demolition and removal of all existing structures and development of the Site with an approximately 1,900,000 sf transit-oriented, mixed-use structure consisting of podium style buildings, varying in number of stories and height up to approximately 320 feet. The Project includes 1,218 multi-family residential units (1,600,000 sf of residential floor area) and 300,000 sf of commercial floor area on the lower ground floors. The commercial space would include 200,000 sf of office space, 50,000 sf of grocery store, 20,000 sf of restaurant space, and 30,000 sf of general retail. Parking would be provided within a combination of aboveground and subterranean parking levels and in accordance with Los Angeles Municipal Code (LAMC) parking requirements.	FIN	
2015101034	Winchester Pond Site Recovery Wells Phase 1 Eastern Municipal Water District --Riverside Installation of three recovery wells, a new 24-inch connection between the existing 24-inch and 48-inch diameter recycled water pipelines at Simpson Road, and approximately 100 lineal feet of new 36-inch diameter line connection from existing 24-inch discharge to an existing 48-inch diameter line.	FIN	
2005072127	Linkside Place Phase II (Tentative Subdivision Map No. 07-04) Oroville, City of Oroville--Butte The proposed 56-lot single family development is an amendment to a previously approved TSM 07-04 and is a continuation of the 65 lot single family residential development located directly to the north. Site grading and improvements were begun and the site has been finish graded and underground facilities and roads, except for paving and curbing have been installed. The general purpose of requesting the map amendment is to implement major changes to the stormwater drainage design, changes to the dedicated open space proposed, and changes to the location and number of lots proposed. A conservation easement is proposed for the approx. 5 acre "remainder" parcel at the south end of the project site to maintain it as a permanent open space.	MND	01/21/2016

2015121092	ENV-2015-2902-MND / 1320 S. Flower Street Los Angeles, City of Los Angeles, City of--Los Angeles The construction, use, and maintenance of a six-story hotel with 43 guest rooms, 2 apartment units, and a rooftop deck within an overall height of 82 feet. A total of 17 parking spaces and a 4 bicycle parking spaces will be provided on-site on the ground level of the hotel. The project proposes approx. 500 cubic yards of grading.	MND	01/21/2016
2015121093	ENV-2015-3242-MND Los Angeles, City of Los Angeles, City of--Los Angeles The project involves the subdivision of three lots into 11 small lots for the construction, use, and maintenance of 11 live/work small lot homes. The project site is vacant and currently used as a parking lot for a nearby business. The site does not contain any trees. Five of the proposed units will be two stories in height with rooftop decks and six units are proposed to be three stories in height and will include rooftop decks. Each unit will include a two-car garage, in addition to three on-site guest parking spaces. The Project proposes to grade less than 500 cubic yards of dirt. There is currently a public walkway along the raised frontage of Glendale Blvd. In addition to the subdivision request, the applicant is requesting a Zone change from MR1-1-RIO to CM-1-RIO and a Zoning Administrator's Adjustment to allow architectural projections.	MND	01/21/2016
2015121094	CASTRO, Jan Monterey County --Monterey Combined Development Permit consisting of: 1) a Coastal Administrative Permit to allow the demolition of an existing 4,010 sq. ft. single family dwelling and the construction of a one-story 8,174 sq. ft. single family dwelling; 2) Coastal Development Permit to allow development within 50 feet of a coastal bluff; and 3) Lot Line Adjustment. The property is located at 36404 & 36324 Hwy 1, Carmel (APN # 243-251-005-000 & 243-251-008-000), Big Sur Coast Land Use Plan, Coastal Zone.	MND	01/21/2016
2015122062	Econome Family Park Project Folsom, City of Folsom--Sacramento The City is proposing to develop the park site to include natural and synthetic athletic fields (for soccer, lacrosse, and cricket; both lighted), two lighted tennis courts, bocce ball courts, children's play area, and associated amenities including a restroom, group picnic area with a shade structure, and parking spaces (Proposed Project). The Proposed Project incorporates design features and programming proposals to mitigate potential light impacts, traffic safety, and noise concerns expressed by community members including time limitations on the use of the lights (with exceptions up to six times per year), state of the art LED lighting to reduce glare, and parking for 120 vehicles. The Proposed Project would be accessed via a one-way entrance off Blue Ravine Road to the west and a four-way driveway off Parkway Dr. to the North.	MND	02/05/2016

2015121091	Aquisition of a Vacant Parcel located at 1510 San Leandro Drive, Montecito, CA Montecito Fire Protection District --Santa Barbara The montecito Fire Protection District proposes acquiring a vacant, privately owned, .85 acre (37,026 sq. ft.) parcel for the purpose of potential future development of a new fire station. While the Standards of Coverage Study and Risk Assessment prepared by the District identified the need to locate a new fire station in the southern area of the District's boundaries, no specific information is available at this time with respect to future structural development or activities on the site. Accordingly the project evaluated in the IS/ND is limited to site acquisition. Any potential effects of future development and operation activities will be fully analyzed in a separate CEQA document once a fire station development plan is prepared. No specific timeline has been established by the District for the potential construction of a new fire station on this parcel.	Neg	01/21/2016
2008032115	Westbrook Amendment to the Sierra Vista Specific Plan Roseville, City of Roseville--Placer The Sierra Vista - Bagley, Computer Deductions and Wealth Properties Project consists of constructing an 80.3 acre mixed use housing development project and associated infrastructure on three parcels. 2013041082	Canyon Lake Hybrid Treatment Process - Phase 1 Canyon Lake, City of Canyon Lake--Riverside In 2013 the City prepared an Initial Study that evaluated the proposed in-lake management activities that were designed to reduce excessive algae growth by reducing phosphorus concentrations in Canyon Lake. Too much algae tends to deplete dissolved oxygen levels in the water column that, in turn, can lead to significant fish kills in the lake. Excess algae are also unsightly and interfere with recreation in and on the lake. Phosphorus is an essential nutrient that acts like a fertilizer for growing algae. Alum forms a chemical bond with phosphorus that renders it inert and no longer able to grow algae. This addendum is being prepared in response to the stakeholders desire to extend the pilot alum application program in the lake for the next 10 years. After considering the available options for complying with the CEQA regarding this proposed extension of the alum treatment at Canyon Lake, the City and stakeholders concluded that compiling an Addendum to the 2013 MND would be the most appropriate way to comply with CEQA for the proposed extension of the alum treatment into the future. 2015111052	<p>Lot Line Adjustment No. 2015-104 Mariposa County --Mariposa</p> <p>Lot line adjustment between three parcels in Yosemite West. Parcel A, portion of APN 006-070-029, located at 7168 Yosemite Park Way is 273 acres, zoned General Forest. Parcel A is in the Natural Resources Land Use Classification of the General Plan. Parcel B, APN 006-080-013 (Lot 252 of the Yosemite West Unit 1 subdivision) is a 0.25 acre, undeveloped parcel, zoned Rural Residential and in the Residential General Plan Land Use Classification. Parcel C, APN 006-090-002 (Lot 248 of the Yosemite West Unit 1 subdivision) is a 0.25-acre, undeveloped parcel, zoned Rural Residential and in the Residential General Plan Land Use Classifications. The lot line adjustment adds 40 acres through the lot line adjustment process to Parcel B and Parcel C (both go from 0.25 acre to 40.25 acres) and reduce Parcel A from 273 acres to 193 acres. No development is being proposed or has been proposed with this project. Any future development on any of the adjusted parcels will be reviewed to ensure compliance with CEQA and applicable regulations. Any future permitted uses and development will be reviewed through existing permitting procedures and requirements. Permitted uses and development are typically reviewed through ministerial permits, such as building and grading permits. The lot line adjustment does not change the uses or development currently permitted by the Zoning Ordinance or General Plan.</p>	NOD

	crossing, and; placement of medium to large size boulders partially along the perimeter of the newly constructed agricultural road. The purpose of this project was to construct an agricultural road including an at-grade stream crossing for: 1) well water exploration and maintenance, 2) forestry maintenance, 3) better access to riparian water rights, and 4) fire egress. The Permittee, prior to execution of a Streambed Alteration Agreement had completed the project. After meeting with CDFW staff, the Permittee was required to remove all construction that had occurred within the channel of the streambed and either mitigate for permanent impacts that had occurred from the construction of the maintenance road, or remove the road and restore it back to natural conditions. A notification was subsequently submitted for the project.		
2015128375	Gold Run Rest Area Project Caltrans #3 --Placer The purpose of this project is to construct a new wastewater system which will correct water and wastewater deficiencies. The project is needed to provide a public water and wastewater system which complies with regulatory requirements.	NOE	
2015128376	Anderson Seep Well (Lake or Streambed Alteration Agreement No. 1600-2015-0371-R1 Fish & Wildlife #1 --Trinity The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement Number 1600-2015-0371-R1, pursuant to Section 1602 of the Fish and Game Code to Mr. D. L. The project is limited to construction of a new seep well on the bank of the Trinity River, to provide domestic water supply to an existing home on the legal parcel recognized as 025-020-08. Additionally, the project includes the diversion of water from underflow of the Trinity River, pursuant to a legal water right, confirmed through a 30' wide and 233' long deeded easement through APN 025-020-08 to the edge of low water. The edge of the new well, including excavation, shall be no closer than 10 feet to the edge of the active bank of the stream. All spoils shall be placed no closer than 25 feet from the bank of the channel. This Agreement does not authorize the removal of riparian vegetation, except for ground cover around the worksite, typically blackberries and grasses. No trees shall be removed.	NOE	
2015128377	1600-2015-0390-R1 (Lake or Streambed Alteration Agreement No. 1600-2015-0390-R1) Fish & Wildlife #1 --Siskiyou The California Department of Fish and Wildlife has executed Lake and Streambed Alteration Agreement Number 1600-2015-0390-R1, pursuant to Section 1602 of the Fish and Game Code to Siskiyou County Public Works Department. The project is limited to placing rip-rap along 30 linear feet of the streambank adjacent to the bridge abutment on the right bank. The 33 cubic yards of ¼ ton rip-rap will be placed over 300 square feet of geotextile fabric in order to prevent future scouring of the bank and bridge abutment. Willow stakes will be placed at the toe of the slope at edge of low water to revegetate the portion not under the bridge deck. Access for equipment will be from the bench adjacent to the bridge deck on the north side of the bridge. Equipment will not enter the stream channel nor work while water is flowing.	NOE

2015128378	Petition for Change and Issuance of Water Right License 13892 State Water Resources Control Board Healdsburg--Sonoma Change petition amended the place of use to allow irrigation outside the footprint proposed in the application. License reduces the overall permitted amount from 166 acre-feet (to irrigate 60 acres) to 20 acre-feet (to irrigate 19.5 acres).	NOE	
2015128379	Evaporative Emission Control Requirements for Spark-Ignition Marine Watercraft Environmental Protection Agency, California -- The proposed regulation will harmonize with existing U.S EPA evaporative emission requirements for SIMW's with permanently installed fuel tanks that are less than 30 kW. The proposed regulation will set more stringent design-based standards for SIMWs with engines greater than or equal to 30 kW to control evaporative emissions from fuel system components. The proposal also sets an optional performance standard for certification.	NOE	
2015128380	Geotechnical Investigations for the California High-Speed Rail Program, Palmdale to Burbank High Speed Rail Authority, California --Los Angeles A tunnel through the ANF is being considered for a portion of the Palmdale to Burbank Section alternatives (E1, E2 and E3) for the California High-Speed Rail Project. The purpose of the geophysical investigation is to obtain sufficient subsurface field data to help evaluate the tunnel portion of alternative with respect to potential environmental impacts (i.e., groundwater, hydrogeology and surface water resources), design constraints, and construction constraints. The key hydrogeological and geotechnical conditions that could affect tunnel design include hydraulic pressures at tunnel depth, inflows off groundwater into the tunnel during construction, potential surface and groundwater impacts, rock quality at depth, squeezing ground at fault zones, and rock quality at other locations. The purpose of the proposed geophysical surveys in core holes drilled to the depth of the tunnel is to measure in-situ water pressures, the orientations of rock mass, discontinuities and fracture density, hydraulic conductivity, and direction of water flow with in-situ testing methods described below. 	The subject property is the former location of Oxnard Union High School and currently consists of abandoned athletic fields and open space with a single standing structure. The City intends to locate a park within this area in the future.		
2015122061	Use Permit PLN2015-0128 - Bob Crawford Stanislaus County --Stanislaus This is a request to operate an agricultural services business that provides general maintenance, welding, and repair of farm equipment (ex: disks, plows, scrapers, clamps, hay squeezers, etc.) The property is currently improved with a 1,680 sf shop, where farm equipment is currently repaired, a single family dwelling, and irrigated pasture. The request includes future expansion, if financial revenue permits, of an additional 2,500 sf shop, up to two 2,500 ag equipment storage buildings, and an office building with restrooms. The project proposes operating Monday through Friday 8:00 AM to 4:00 PM, with a max of 6 employees, and up to 6 customers visiting the site per week, and up to 3 truck deliveries/equipment deliveries per day. Approximately 20 acre, of the total 22.24 acre parcel, will still be utilized for irrigated pasture. The entire is enrolled in Williamson Act Contract Number 2007-08. The parcel is served by private septic and well facilities.	CON	01/11/2016
2013031057	Martin Expo Town Center Los Angeles, City of Los Angeles, City of--Los Angeles The project proposes removal of all existing structures, and a total of 807,200 sq. ft. of new development (approx. 707,801 net new sq. ft.), with a proposed floor area ratio (FAR) of 3.91:1. The Project consists of 516 dwelling units (508,200 gross sq. ft.), 99,000 sq. ft. of retail floor area (consisting of a 50,000 sq. ft. grocery store, 40,000 sq. ft. of general retail use, and 9,000 sq. ft. of restaurant uses), 200,000 sq. ft. of creative office floor area, and associated subterranean parking. 2015122066	Zones 2A and 3A Natural Channels Maintenance Project Sonoma County Water Agency Petaluma, Sonoma--Sonoma The proposed project would implement small-scale flood control maintenance activities primarily in rural areas outside of urban centers on private property in the Petaluma and upper Sonoma Creek watersheds. Most maintenance would be preventative actions to reduce flood risk and avoid bank erosion. Vegetation management activities consist of trimming, mowing, and removal of flow-constructing vegetation within a creek. Bank stabilization would be conducted in a preventative manner by grading and planting exposed banks with native species that would enhance riparian and aquatic habitats. Maintenance would be conducted primarily using hand tools. Trucks and other heavy equipment may be used from top of bank.	Neg	01/22/2016
2011071010	Water Supply Improvement Project Indian Wells Valley Water District --Kern The Project consists of two phases. Phase 1 includes increasing the nominal pumping capacity of existing Well 34 from 1,200 gallons per minute to 2,000 gpm, constructing and operating Well 35 at a nominal pumping capacity of 1,200 gpm, and constructing and operating an electrical service line extension to provide power to the sites of Well 34 and 35. Phase 2 includes increasing the nominal pumping capacity of Well 35 to 2,200 gpm.	NOD	
2012052074	Targeted General Plan Amendment and Zoning Ordinance Update El Dorado County Unincorporated--El Dorado Note: Amended The Project consists of targeted amendments to certain General Plan policies (TGPA) and land use designations and a comprehensive update to the Zoning Ordinance (ZOU) to bring it into conformance with the General Plan as required by Gov Code 65860. All changes proposed in the ZOU are consistent with the existing General Plan land use designations and existing policies or with the proposed amended policies and minor land use diagram corrections. The project also includes design standards for: 1) landscaping and irrigation, 2) mobile home parks, 3) outdoor lighting, 4) parking and loading, and 5) research and development; and guidelines for mixed use design. 2015121104	Prezone Application 2014-6/Sywak Hollister, City of Hollister--San Benito The proposed project includes prezoning for the future annexation into the City of Hollister City Limits and eventual development of three parcels totaling approx. 8.04 acres (7.25 acres to be annexed and .79 acre currently within City limits) in size to Low Density Residential Performance Overlay Zone (R1 L/PZ), which is consistent with the City's General Plan land use designation of Low Density Residential. The zoning designation would allow for the future development of up to eight dwelling units per net acre on the project site per Municipal Code Section 17.04.010. The proposed pre-zone project does not include development at this time. The project site is comprised of three parcels. APN # 020-080-022 (7.24 acreS), APN 055-220-039 (.66 acre), APN 055.220-038 (.13 acres).	MND	01/26/2016
2015122068	Skylonda Fire Station No. 58 Replacement Project San Mateo County --San Mateo San Mateo County proposes constructing facility upgrades at Skylonda Fire Station No. 58 located at 17290 Skyline Blvd (SR 35) in unincorporated San Mateo County adjacent to the Town of Woodside city limits. Fire protection service are provided by Cal Fire under contract to the County. Total property size is approx. 2.29 acres. Facility upgrades include replacing the two existing office and barracks buildings with one new building; constructing new driveway access to Skyline Blvd.; widening the driveway entrance at Linwood Way; replacing the existing apparatus building, septic system, and the backup emergency power generator; and planting replacement landscaping. Total disturbance area is 52,000 sq. ft. of this total, 41m500 sq. ft. occurs within existing site development.	MND	01/26/2016
2015122071	Recology Ostrom Road Landfill: Green Rail Project, Compost Facility, and Amendment to CUP & SWFP Yuba County Marysville, Wheatland--Yuba NOP for an EIR: The EIR analyzes the impacts of three separate projects: amendments to Recology's conditional use permit (CUP 2009-0001) and Solid Waste Facility Permit for the Ostrom Road Landfill; the proposed Recology's Green Rail Project (CUP2015-0007), and Compost Facility (CUP2015-0008). CUP 2009-0001: consists of modifications to the CUP and SWFP to clarify vehicle trips for waste and non-waste trips. CUP2015-0007: Replace and extend rail spur at the UPRR Rail Wye near SR-65 and Beale AFB rail spur and construct an unloading facility and staging area for waste containers. CUP2015-0008: construction and operation of a proposed green material and food material composting facility adjacent to the existing landfill and proposed rail unloading facility.	NOP	01/28/2016

2015121100	<p>Project No. R2014-02411-(5) / RMCP 20140001; ROAK 201400035; and RENV 201400194 Los Angeles County --Los Angeles</p> <p>The project is the construction of a new 1,699 sq. ft. single family residence with an attached two-car garage on a vacant hillside property containing oak woodland and Millard Canyon. The maximum height of the residence will be 33 feet and 10 inches. 15 cubic yards of cut and 15 cubic yards of fill will be balanced on-site. The project also includes on oak tree removal and encroachments into the protected zone of nine other oak trees.</p>	Neg	01/26/2016
2015121103	<p>ENV15-0010 (Spruce Street Drainage Improvements) Escondido, City of Escondido--San Diego</p> <p>The channel located between 3rd Avenue and the flood control channel of Escondido Creek has a long history of being chronically wet with standing water, thus creating a breeding habitat for mosquitoes, particularly in the upstream concrete-lined portion of the proposed project area. As a result, the existing channel has experienced a long history of flooding and vector control issues, resulting in impacts related to flood control, public health and safety, and water quality. The City is using the County of San Diego Department of Environmental Health funding grant to implement a variety of drainage improvement activities to eliminate vector breeding and nuisance water issues that have existed within the channel. In implementing the proposed drainage improvements, the City also would integrate design characteristics intended to offset or minimize environmental impacts through a variety of beneficial improvements to the earthen drainage features that provide habitat, water quality, and aesthetic value. Drainage improvement activities would include repairs and improvements such as removing silt and vegetation through the following measures; concrete and earthen channel dredging; culvert clean-out; installation of permanent manholes, concrete wingwalls, and sediment traps; vegetation clearing and trimming; access road clearing; and revegetation using drought-tolerant native plants.</p>	Neg	01/26/2016

2013121055	Los Alamitos General Plan Update Los Alamitos, City of Los Alamitos--Orange The City Council of the City of Los Alamitos, certified a Final EIR on March 23, 2015 for its General Plan to include land use changes for various parcels and adopting environmental findings, a statement overriding considerations and a mitigation monitoring and reporting plan. As zoning is required to be consistent with the General Plan, the impacts relating to the zone changes are identical to the impacts that were covered in the Program EIR and there are no new impacts which would occur from such changes. As such, the zone changes are within the scope of the program EIR #2013121055.	NOD	
2015072004	Bullock Bend Mitigation Bank Project Yolo County --Yolo CDFW has executed lake and streambed alteration agreement no. 1600-2015-0014-R2, pursuant to section 1602 of the fish and game code to the project applicant, Mark Young at Westervelt Ecological Services. The project consists of floodplain restoration that includes a breach of the existing farm berm along the Sacramento River and excavation of back-water channels to restore floodplain function and create seasonal aquatic habitat on approximately 96 acres that would be inundated during Sacramento River flood events. The goal of the project is to restore a complex of backwater channels and riparian vegetation in place of the existing farm field.	NOD	
2015082007	BUT 162 Traffic Signal Upgrade Caltrans #3 Oroville--Butte The project is located in Butte County on Highway 162 in Oroville, from post mile 16 to 16.7. At PM 16.4, the proposed project will upgrade the current traffic signal by installing four new signal poles, along with overhead mast arms and separate left turn phases for the 5th Avenue Streets. At this intersection, the project will also upgrade six curb ramps, upgrade drainage, upgrade signing and striping and striping, and improve the distressed pavement. A signal coordination system from PM 16 to 16.7 will also be improved.	NOD	
2015092025	Benbow Dam Removal Project Parks and Recreation, Department of --Humboldt The work consists of the demolition of Benbow Dam, re-grading the river channel to a more natural configuration, and environmental restoration and protection of the river banks.	NOD

2015101069	Santa Ana Climate Action Plan Santa Ana, City of Santa Ana--Orange The proposed project is the adoption of a Climate Action Plan, a document that provides measures intended to reduce GHG emissions within the City. The CAP describes the 2008 baseline GHG emissions produced in Santa Ana and estimates business-as-usual emissions that could be expected in 2020 and 2035. GHG emissions were estimated for 2008, 2020, and 2035 for both community-wide and municipal operations. Overall, the goal of the CAP is to reduce Santa Ana's community wide GHG emissions by 15 percent below 2008 emission levels by the year 2020. In addition, Santa Ana has established a goal to reduce community-wide emissions by 30 percent below 2008 emission levels by the year 2035. For municipal operations emissions, the City has established goals of 30 percent reduction by 2020 and 40 percent reduction by 2035.	NOD	
2015129008	Lanza & Mahoney Vineyards Application No. MS-15-01 & MS-15-02 Solano County Fairfield--Solano Subdivide 90.38 acres in to four parcels in the Agricultural Suisun Valley 20 acre minimum zoning district.	NOD	
2015128388	106 Fringe Area Annexation - Granite Development LLC Eastern Municipal Water District Murrieta--Riverside Eastern Municipal Water District's (District) is working with Granit Development LLC to extend imported water service to their proposed skilled nursing facility (SNF). The proposed 106 Fringe Area Annexation (annexion) would extend water service to approximately 4.92 acres of land located at 35460 Whitewood Road, Murrieta, California (APN 392-310-002). The proposed annexation is located between Clinton Keith Road and Baxter Road, approximately one half mile east of the Interstate-215 freeway and one half mile norht of the recently developed Loma Linda University Medical Center.	NOE	
2015128389	SAWPA Proposition 84 Turf Replacement Program Eastern Municipal Water District Hemet, Menifee, Moreno Valley, Perris, San Jacinto, ...--Riverside Eastern Municipal Water District (District) is part of the Santa Ana Watershed Project Authority (SAWPA) Project Agreement 22 Committee, which was formed to implement the measures of the Interregional Landscape Water Demand Reduction Program (Demand Reduction Program). The Demand Reduction Program is funded through local funding match and grand funding provided by the Safe Drinking Water, Water Quality and Supply, Flood Control and Coastal Protection Bond Act of 2006 (Proposition 84). 	(Perris Valley Channel Lateral A Sewer Line and Indian an Atwood Project) require construction of new sewer lines to resolve bottlenecks in the existing sewer collection system.		
2015128391	Accelerated Retrofit Program - Project Management Support Services Eastern Municipal Water District Hemet, Menifee, Moreno Valley, Perris, San Jacinto, ...--Riverside In response to the State Water Resources Control Board's mandate for a 28 percent reduction in per capita use of potable water, Eastern Municipal Water District (District) is pursuing additional recycled water use that offsets existing potable water demand. The Recycled Water Accelerated Retrofit Program (Program) is designed to advance recycled water retrofit projects to achieve approximately 410 acre-feet per year (AF) of potable water offset beginning in February 2016. The Program is a short-term effort and incorporates streamlined business processes, technical support, and finance incentives to expedite the permitting, design, and construction of retrofit projects.	NOE	
2015128392	Durham Ferry Flashing Beacons Caltrans #10 Tracy--San Joaquin Caltrans proposes to implement a Traffic Safety project to replace existing solar powered flashing beacons with standard beacons. The purpose of this project is to improve traffic safety at this intersection. This project is needed to reduce the potential for broadside collisions and severity of accidents.	NOE	
2015128393	North Sacramento Streams Levee Improvements Project - Trenching (Lake or Streambed Alteration Agreement No. 1600-2015-0274-R2) Fish & Wildlife #2 --Sacramento The project is limited to geo-archaeological test trenching at various locations along the Natomas East Main Drainage Canal (NEMDC) Steelhead Creek and Arcade Creek levee systems. No work would occur in the active channel of NEMDC/Steelhead Creek. Trenches would be approximately 20-feet-long, 5-feet-wide, and up to 10-feet-deep. Material from the trench excavations would be excavated and side-cast in uplands adjacent the trench.	NOE	
2015128394	Zuckerman Dock Addition (Lake or Streambed Alteration Agreement No. 1600-2015-0244-R2) Fish & Wildlife #2 --San Joaquin The project is limited to the extension of an existing dock. The dock addition is comprised of two sections: one of 6-feet by 24-feet and the other of 4-feet by 24-feet for a total of 192-square feet (0.0044 acres). The new sections will form a u-shape dock with the existing dock section. The dock size after the addition will be 332 square feet (0.0076 acres). The dock addition is constructed with an aluminum frame, vinyl decking with encapsulated floatation. The proposed dock addition would be manufactured off site, delivered to the nearest boat ramp and then moved to the site with the pile driving rig/boat. A stiff-arm anchor with cables will be installed to anchor the dock in place.	NOE

Work will be completed according to both accessibility and historic period guidelines.	NOE	
2015128411	Bakersfield Cactus (<i>Opuntia basilaris</i> var. <i>treleasei</i>) Range-Wide Phylogenomics Project (Project) Fish & Wildlife Conservation Board --Los Angeles, Kern The California Department of Fish and Wildlife is issuing a permit to J. Mark Porter, Ph.D., pursuant to Fish and Game Code section 2081(a) for a project to conduct a range-wide genetic comparison of Bakersfield cactus (<i>Opuntia basilaris</i> var. <i>treleasei</i>) and a related variety, beavertail cactus (<i>O. basilaris</i> var. <i>basilaris</i>). To accomplish this objective, one stem will be collected from 12 individuals from at least 12 populations for a single nucleotide polymorphism assay of Bakersfield cactus and beavertail cactus, with the expectation of generating several hundred thousand genetic markers throughout the plants' genomes. To supplement these data and provide evolutionary context, samples will be gathered from three additional varieties of <i>O. basilaris</i> (vars. <i>Brachyclada</i> , <i>helii</i> , and <i>longiareolata</i>), as well as <i>O. polyacantha</i> var. <i>erinacea</i> . Data produced by genetic analysis will be analyzed to infer phylogenies. The study is expected to identify the genetic diversity found within and between each variety of <i>O. basilaris</i> , the degree of differentiation between each variety, the geographic distribution of Bakersfield cactus, diagnostic genetic markers for each variety, and morphological traits	NOE

2015128423	Driveways for Cays Resort Dry Boat Storage Facility San Diego Unified Port District Coronado--San Diego The proposed project involves the construction of three new driveways to provide emergency access to the Cays Resort Dry Boat Storage Facility located at Grand Caribe Isle North along, and on both the east and west sides of, Caribe Cay Boulevard North in Coronado. Currently, there are no driveways located along the concrete sidewalks surrounding the east and west boat storage sites. To provide emergency access to the boat storage sites, the project proposes to construct two driveways along the sidewalk surrounding the east site and one driveway along sidewalk surrounding the west site. Construction of the new driveways would include the following: <ul style="list-style-type: none"> - Cutting, removing, and disposing of three approximately 30-foot-wide by 4-foot-long sections of existing concrete sidewalk; - Reshaping the existing subgrade under each of the concrete sidewalk sections; - Pouring concrete to create three new driveways that would be approximately 20 feet wide with 4-foot-wide driveway ramps on either side; and - Placing 3/4 -inch gravel in the approximately 20-foot-long by 20-foot-wide unpaved areas directly adjacent to the driveways. 	NOE	
2015128424	Tideland Use and Occupancy Permit to Morgan Dene Oliver and Frank and Celene Varasano for Recreational Pier, Ramp, and Float San Diego Unified Port District San Diego--San Diego The proposed project is a new four-year Tideland Use and Occupancy Permit (TUOP) to Morgan Dene Oliver and Frank and Celene Varasano (Tenant) for non-exclusive use of 3,880 square feet of tideland and water area located southerly of 983 Scott Street in the City of san Diego. The area proposed for use under this TUOP will be used only and exclusively for the purpose of a non-commercial recreational pier, ramp, and float and the berthing of recreational boats and for no other purpose whatsoever without the prior written consent of the Executive Director of District in each instance. Said boats shall be owned one hundred percent by Tenant as evidenced by proof of documentation and restricted to the boundaries of the permitted premises. Pursuant to the TUOP, the Executive Director of District may, but shall have no obligation to, approve from time to time	NOE

the berthing of other recreational boats owned by guests or invitees of Tenant. Such approvals, if granted, shall be in accordance with the terms and conditions prescribed by said Executive Director. At no time shall Tenant charge rent or fees for use of the pier of the berthing of boats.

Pursuant to the TUOP, notwithstanding anything to the contrary, activities of the Tenant shall not interfere with the use and enjoyment by the general public of those portions of the pier as designated from time to time by the Executive Director of District. The TUOP requires that the general public have the unrestricted right of access on said designated portions of the pier as designated from time to time by the Executive Director of District. The TUOP requires that the general public have the unrestricted right of access on said designated portions of the pier, subject to rules and regulations which may be established from time to time by the District, including, but not limited to, possibly restricting the general public's right of access to daylight hours only, from one hour before sunrise to one hour after sunset (according to the National Weather Service). The tenant may, however restrict access by a locked gate to the portions of the pier not so designated and to the connecting ramp and float. The Tenant is required to install and maintain a sign with a location, size, and wording specified by the District regarding public access to a portion of the pier. The wording shall state, "Pier open to the public Between Sunrise and Sunset".

The new TUOP is anticipated to commence on December 1, 2015, and terminate on November 30, 2019, for a total term of four years, and includes a 30-day termination clause. This TUOP will allow for continuation of the existing use (operation of a recreational pier, ramp, and float and the berthing of recreational boats). No new development, construction, or increase in the size of the property is proposed or authorized as part of the TUOP. The TUOP may be terminated by the Executive Director of District or his duly authorized representative, or by the Tenant, as a matter of right and without cause at any time upon the giving of thirty (30) days' notice in writing to the other party of such termination.

2015128425	<p>Driveways for Cays Resort Dry Boat Storage Facility San Diego Unified Port District Coronado--San Diego</p> <p>the proposed project involves the construction of three new driveways to provide emergency access to the Cays Resort Dry Boat Storage Facility located at Grand Caribe Isle North along, and on both the east and west sides of, Caribe Cay Boulevard North in Coronado. 2015022026	The Park at Granite Bay (PSUB 20140145) Placer County Roseville--Placer The project proposes a residential subdivision of 56 single-family residential units on a 16.3 acre project site in the community of Granite Bay in Placer County, CA. Ingress/egress to the project site would be provided by a single-gated access at the project's midpoint along Sierra College Boulevard. The gate would remain open from dawn to dusk in order to allow public access to the 0.81 acre neighborhood park proposed as part of the project. There would also be a gated secondary access point to Eckerman Road that would be available for use only by emergency vehicles or by area residents during an emergency. The 56 residential units would be a mix of one- and two-story homes on lot sizes ranging from 7,150 sq. ft. to 17,196 sq. ft. Residential units along Sierra College Blvd. would be buffered by landscape setbacks and sound walls. The project would include a 15-foot wide landscape buffer easement on the north, south, and west sides of the development to provide a visual buffer for the existing neighborhood properties. Project construction would require cut/fill grading to prepare the site for construction activities and would include installation of a water quality detention basin on the northwest side of the project to regulate peak stormwater flows from the project site. Standard construction control measures will be enforced. The PV system potentially could generate up to three megawatt (AC) of electricity, which will be consumed by the project site and consequently reduces the site's utility grid-based electrical energy purchases helping to meet the State's renewable portfolio standard target (Senate Bill 2 - First Extraordinary Session), to have one third of the State's electricity come from renewable sources by 2020. The canopy also will have some positive environmental effect of reducing heat isle effect by increasing shading on the parking lot's black top areas that are exposed to sun. Canopy structure will include LED lighting for nighttime security and area general lighting. Planted trees along the site's frontage and the ones that are not affecting or shading the solar array will remain in place.</p>	NOE	
2015128440	<p>Canopy Mounted Solar Photovoltaic System, California Governor's Office of Emergency Services General Services, Department of Rancho Cordova--Sacramento</p> <p>The project consists of constructing a canopy mounted solar photovoltaic (PV) system in the parking areas of the project site. The project will cover approximately 3 acres of the parking area. Project activities include boring for footing holes, minor trenching, footing cement pouring, some landscaping tree removal, erection of canopy structure, installation of PV panels and electrical (transformer, switchgear, breakers) equipment to support the transmission of the renewable power generated by Solar PV array. Standard construction control measures will be enforced. The PV system potentially could generate up to 1.10 megawatt (AC) of electricity, which will be consumed by the project site and consequently reduces the site's utility grid-based electrical energy purchases helping to meet the State's renewable portfolio standard target (Senate Bill 2 - First Extraordinary Session), to have one third of the State's electricity come from renewable sources by 2020. The canopy also will have some positive environmental effect of reducing heat isle effect by increasing shading on the parking lot's black top areas that are exposed to sun. Canopy structure will include LED lighting for nighttime security and area general lighting. Planted trees along the site's frontage and the ones that are not affecting or shading the solar array will remain in place.</p>	NOE

Documents Received on Thursday, December 31, 2015

2015032086	Enterprise Way Scotts Valley, City of --Santa Cruz The proposed project would include the construction a hotel and residential project. The project would consist of the construction of a 120-room hotel on 2.48 acres, and 50 residential townhomes on 3.87 acres of an approx. 9-acre project site. The hotel would be a four-story complex with surface parking. Residential development would consist of townhomes units of approx. 1,700 sq. ft. (plus approx. 500 of garbage space) in three-story buildings. The site would be accessed from Santa's Village Road.	EIR	02/16/2016
2015121106	Vineland Condominiums Los Angeles, City of --Los Angeles The applicant is requesting a Vesting Tentative Tract for the subdivision of two lots in the construction of a new 85-unit residential condominium development. The project will include 78 market-rate units and 7 affordable units for Very Low Income households. The existing 32-unit apartment complex and one single--family home will be demolished as part of the project. Parking will be provided at a rate of two and one-quarter space per unit (two per dwelling plus one-quarter guest). The building will be a maximum height of 45 feet within four stories, with a total floor area of 84,247 sq. ft. Approx. 25,000 cubic yards of earth material will be exported from the project site. The subject property contains non-protected 11 trees that will be removed as part of the project.	MND	01/29/2016
2015121107	California Resources Elk Hills Flare Project (S-1150871 and S-1150872) San Joaquin Valley Air Pollution Control District Bakersfield--Kern CREH requested Authority to Construct (ATC) permits to authorize the use of six existing emergency flares, already permitted for emergency use, for non-emergency operation to combust excess vent gas (project) produced from the ancillary CREH gas processing plant. In addition, the five draft ATCs under project S-1150871 specifically limit the flares use through a Specific Limiting Condition (SLC) that will limit the combined volume of vent gas they can combust to 30,938 MMBtu/day and 185,625 MMBTu/year.	MND	01/29/2016
2015122074	Parcel Map #15-03, (Austin Statz and Jamie Montandor - Owners) Tehama County Red Bluff--Tehama The applicants propose to create two (2) parcels; one of approx. 5.0 acres and one of approx. 4.6 acres, in an R1-A-MH-B:200. The site is located on about 9.6 acres in the Bend area at E. Wallen Road and Harness Lane with a gently sloped grade from the east to the west and a way from the roadway. The site contains annual grasses typical for the area. There are no significant riparian habitat corridors on or near the project site. The site contains two structures (single-family home and an old barn) on proposed parcel A, there are no structures on the area proposed for Parcel B, which may be developed the same as Parcel A. <u>Documents Received on Thursday, December 31, 2015</u>			
2015122075	Parcel Map #15-05; JR-T1, LLC (owner) Tehama County --Tehama The applicant proposes to create an approx. 22.0 acre parcel and an approx. 46.0 acre remainder parcel in an AG-2; Agriculture/Valley District, 20 acre minimum. The parcel is not encumbered by a Williamson Act Contract. The project site is located east of Kirkwood, on the north side of Capay Road, approx. 478 feet west of the Capay Road/Hall Road intersection.	MND	01/29/2016
2015122076	Beard Ditch Pipeline Replacement Project Modesto Irrigation District Waterford--Stanislaus The project is the replacement of an existing 15-inch irrigation water pipeline, which is a portion of an MID siphon crossing of Dry Creek. Scour of the bed of Dry Creek has exposed a portion of the existing siphon pipeline, which is elevated above the creek bed and exposed to potential further damage from high flows in the creek. The western portion of the siphon would be replaced with 300-foot section of 18-inch pipe just south of the existing siphon alignment. The project would stabilize the facility and preserve MID's ability to provide irrigation service to farmland adjacent to and north of the project.	MND	01/29/2016
2015122073	Use Permit #15-07, (Patrice Tamp - Owner) Tehama County --Tehama The applicants propose to establish a single-family residence in an R-3; Neighborhood Apartment District pursuant to Tehama County Code Section 17.22.020 (A) whereby one-family dwellings and two-family dwellings may be permitted upon securing a use permit. The site is located within Lake California in an urban style community, on a small lot that is served by private roads, water, sewer and various other utilities. While the lot and proposed single family structure are within the 100 yr. flood plain it is not considered a potentially significant hazardous location as it is not within the floodway and the structure can be elevated as required by federal, state and local flood prevention ordinances. The community can be summarized as a large private gated community that caters to a moderate/above moderate single-family lifestyles.	Neg	01/29/2016
2009121016	Palmer Reservoir Replacement Project Coalinga, City of Coalinga--Fresno SWRCB, as the responsible agency, will be issuing a water supply permit. The City of Coalinga proposed project included the construction of a new above ground 3.1 million gallon steel water reservoir, which would serve in parallel with and possibly replace the existing 2.8 million gallon Palmer Reservoir located on West Palmer Avenue. The new reservoir construction would include sufficient piping and valves to allow the existing Palmer Reservoir to be drained and taken out of service, as well as to operate in parallel with the existing reservoir if its repair is determined cost effective.	NOD	
2015042056	Laurelwood Park and Sugarloaf Mountain Open Space San Mateo, City of San Mateo--San Mateo Modification of a previously approved Management Plan (SCH 2006102017) which includes a Master Plan of improvements for the site. Amendment focuses on revising the proposed trail system and habitat compartmentalization zones on	NOD

	Sugarloaf Mountain which serve to slow the spread of fire and serve as a refugia for fauna to escape to during a fire, and to better coordinate their locations with the trail realignments included in the amendment. The Management Plan incorporates all other aspects of the previously approved Management Plan by reference.		
2015101006	Longboat Solar, LLC San Bernardino County --San Bernardino A conditional use permit to build and operate a 20 megawatt photovoltaic solar energy generation facility on approximately 234 acres of the 325-acre site.	NOD	
2015128441	Styrotek, Inc - New Well 02 State Water Resources Control Board --Tulare The State Water Resources Control Board (SWRCB) as the lead agency will be issuing a water supply permit. The Styrotek, Inc. proposes to construct a new well (Well 02) to replace the current Well 01. Well 01 produces water with nitrates above the maximum contaminant level and the water system needs a replacement source of supply to meet primary drinking water standards. The new Well 02 will supply drinking water to the water system. Well 01 will be destroyed once Well 02 is operational.	NOE	
2015128442	Water System Improvement Project State Water Resources Control Board --Riverside The State Water Resources Control Board (SWRCB) is the Lead Agency. The SWRCB's Safe Drinking Water State Revolving Fund (SDWSRF) Program is providing funds for the project. The Western Water conservation/Ramona Water Company proposes the development of plans and specifications for drilling and construction of a treatment system/treatment facility, production wells, blending tank, transmission lines to new well site, and develops specifications for waterline and water system upgrades. Further analysis during the preliminary design phase would evaluate blending scenarios where only a portion of the well discharge would be treated and then blended with untreated well water. The potential outcome of this planning analysis could indicate a smaller treatment system is needed. The project also includes the development of an environmental document.	NOE	
2015128443	Kellogg Ranch Safe Harbor Agreement - Yellowjacket Creek Fish Passage Improvement Project Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa --Sonoma The primary purpose of the Project is to remediate an existing water diversion weir which creates a barrier to adult and juvenile anadromous salmonid migration - coho salmon (<i>Onchorhynchus kisutch</i>) and steelhead trout (<i>Onchorhynchus mykiss</i>) - in Yellowjacket Creek. By constructing a series of boulder step-pools, the Project will seek to reconnect access to 1.9 miles of spawning and spring-fed, cold water rearing habitat upstream.	NOE	
2015128444	Repair of Fish Buyers Building San Mateo County --San Mateo This project is to repair the leaky roof of the building.	NOE

2015128445	Application of Asphalt Slurry Seal to Oyster Point Marina Parking Lot San Mateo County South San Francisco--San Mateo Will apply slurry seal, an emulsion with high quality liquid asphalt, select mineral fillers and other anti-oxidation additives, to portions of existing asphalt parking lot.	NOE	
2015128446	Trail Maintenance: Castle Rock, Sunset, and Little Yosemite Trails Parks and Recreation, Department of --Contra Costa Perform maintenance on Castle Rock, Sunset, and Little Yosemite Trails in Mount Diablo State Park to improve trail sustainability and safety. Work will: - Repair trail tread to maintain a uniform and out-sloped surface; - Restore a 3-4 foot trail width where feasible; - Remove inboard slough and outer berms; - Install drainage dips; and - Trim vegetation to maintain a 6-foot wide and up to 12-footing trail corridor. All work will be performed per the guidelines of the California State Parks Trails Handbook and the California State Park Vegetation Management Guidelines for Trails and Roads.	NOE
