STATE CLEARINGHOUSE

NEWSLETTER

November 1-15, 2007

STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **November 1-15, 2007.**

CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613
Fax: (916) 323-3018
e-mail: state.clearinghouse@opr.ca.gov
website: www.opr.ca.gov/clearinghouse/clearinghouse.shtml

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

Scott Morgan
Senior Planner

CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE
P.O. BOX 3044
SACRAMENTO, CA 95812-3044

INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

MEMORANDUM

DATE: February 13, 2007
TO: State Agency CEQA and Intergovernmental Review Coordinators
FROM: Scott Morgan, Senior Planner
SUBJECT: Distribution of Environmental Documents in CD-ROM Format

The State Clearinghouse has received an increasing number of requests from local and state lead agencies to distribute CEQA documents to state reviewing agencies in an electronic format, typically CD-ROM. The most common reason for these requests is to reduce cost. CD-ROMs are cheaper for the lead agency to reproduce and mail, and cheaper for the State Clearinghouse to distribute, especially in the case of multi-volume documents.

The State Clearinghouse has distributed EIR's and EIS's in CD-ROM format for state agency review and comment since August 1, 2003. Based on our experience with those documents, a survey conducted of state reviewing agencies and the potential cost savings to local and state agencies, we are extending this policy to other environmental documents including Negative Declarations, Mitigated Negative Declarations and Environmental Assessments. The State Clearinghouse will accept environmental documents under the following terms:

- CEQA Lead agencies may provide copies of draft environmental documents to the State Clearinghouse for state agency review in an electronic format. The document must be on a CD-ROM in a common file format such as Word or Acrobat.
- Lead agencies must provide fifteen (15) copies of the CD-ROM to the State Clearinghouse. In addition, each CD-ROM must be accompanied by 15 printed copies of the DEIR summary (as described in CEQA Guidelines §15123), executive summary, or introduction section of a Negative Declaration or Mitigated Negative Declaration. The printed summary allows both the State Clearinghouse and agency CEQA coordinators to distribute the documents quickly without the use of a computer.
- Final environmental documents may be provided in CD-ROM format without a printed summary. Distribution of the final documents is optional under CEQA.
- Federal lead agencies may send electronic copies of environmental documents to the State Clearinghouse in the same manner described for CEQA lead agencies. Distribution of NEPA documents to state agencies through the State Clearinghouse is encouraged pursuant to Presidential Executive Order 12372 and NEPA §102 (42 USC §4332)
- All notices of preparation must continue to be provided in printed format.
- Please provide one Notice of Completion Form with all submittals.

If your agency has difficulty downloading and reviewing any environmental documents please contact:

Scott Morgan, Senior Planner
916-445-0613
scott.morgan@opr.ca.gov

Thank you for your cooperation in the CEQA review process.

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE
1999 through 2006**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

<u>Documents Received on Thursday, November 01, 2007</u>			
2007031032	Ashley Construction VTM 63567 EIR Hidden Hills, City of Hidden Hills--Los Angeles The proposed project involves a series of actions that would allow for the development of 8 single-family residences (7 new plus 1 replacement) on an approximately 18-acre site. The project involves reconfiguration of 6 existing parcels (one of which is currently developed with a single family residence) into 8 new parcels. Of the 6 parcels, 5 are within the City of Hidden Hills, and have a General Plan Land Use designation of RA-1 and zoning designation of RA-S (Residential Agricultural Suburban). The other parcel, totaling about 7.8 acres, is currently within unincorporated Los Angeles County and would require annexation to the City of Hidden Hills. The 7.8 acres are surrounded by the City on three sides and are currently within City's Sphere of Influence.	EIR	12/17/2007
2007081031	Front Street Mixed Use Soledad, City of Soledad--Monterey The project entails the demolition of the existing residential motel and surrounding mobile homes, and the construction of a five-story building with 102 one and two bedroom residential condominium units and separate one and two-story buildings with 12,200 square feet of commercial uses. The project also involves a general plan amendment and a zoning district change.	EIR	12/17/2007
2003062025	Saggio Hills Project Healdsburg, City of Healdsburg--Sonoma The proposed project includes adoption of an area plan and implementation of the associated development proposal for a combination of destination resort lodging, meeting and spa facilities, resort residences and resort villas, a city-owned community park, a trails system, a future city-developed affordable housing complex, a city-owned pump station, and a city-owned fire substation. The development is proposed on an approximately 258.5-acre site located in unincorporated Sonoma County immediately north of Healdsburg.	FIN	
2006051081	Rich Haven Specific Plan, File No. PSP05-004 Ontario, City of Ontario--San Bernardino The Rich-Haven Specific Plan encompasses approximately 510 gross acres with a maximum development capacity of 4,259 dwelling units and 889,200 square feet of regional commercial/office. The Land Use Plan for the Specific Plan includes a Residential District and Commercial District comprised of twenty-one Planning Areas (PAs). The Residential District includes nineteen PAs providing a mixture of low-, medium-, and high-density residential uses with a maximum of 4,259 dwelling units and a Regional Commercial District that includes three PAs. The Regional Commercial District includes three PAs (20, 21A, and 21B) planned for a mixture of a variety of uses including commercial, office, vertical residential, medical office, and research, as well as a "Stand Alone Residential Only Overlay" allowing for stand alone residential neighborhoods. The Regional Commercial District includes PA 20 incorporating 725 residential units and 440,800 square feet of commercial/office uses, while PA 21 (21A and 21B) will include a total of 448,400 square feet of commercial uses and 1,052 residential units. The public	FIN

<u>Documents Received on Thursday, November 01, 2007</u>			
	facilities within the Specific Plan include 20.1-acre Southern California Edison easements, and a 24.8-acre Middle School. Final plans for the project would include an allowance for a transfer of residential density from the Regional Commercial District within Planning Areas 20 and/or 21 to Residential PAs within the Residential District (PAs 8 to 19).		
2005072127	Linkside Place Phase II (Tentative Subdivision Map No. 07-04) Oroville, City of Oroville--Butte The Tentative Subdivision Map would create 59 single family lots ranging from approximately 6,000 to 9,000 square feet. The project proposes a single family subdivision with an average density of 4 dwelling units per acre which is within the density range of the Medium Density Residential land use designation of 2 to 6 dwelling units per acre.	MND	11/30/2007
2007111004	Coroner Crypt Building and Medical Examiner Building Tenant Improvements Project Los Angeles County Department of Public Works --Los Angeles The proposed project would consist of tenant improvements to the Coroner's Medical Examiner's building, including rehabilitating the mechanical systems (heating, ventilation, air conditioning, and plumbing), upgrading the electrical systems of the Coroner's Medical Examiner's building, and related abatement of hazardous materials associated with the existing systems. In addition, the interiors of the basement and service levels of the Coroner's Medical Examiners's building would be remodeled. The project would also construct a 4,893 square-foot walk-in crypt building and artwork that will abut the existing Coroner's Medical Examiner's building.	MND	11/30/2007
2007111005	Spring Valley Parkway Re-Alignment Victorville, City of Victorville--San Bernardino This project will consist of re-aligning approximately 1,500 LF of existing roadway to improve current traffic circulation, decrease congestion, accidents and mitigate traffic impacts due to future development. Ultimately this project will ensure the safety of our citizens by eliminating the two offset intersections and creating a four way intersection at the Peach Avenue and Bear Valley Road intersection. The re-alignment will be done on the southern portion of the existing Spring Valley Parkway, from the San Bernardino County (SBC) boundary line, located approximately 500 feet south from Huerta Street, to Bear Valley Road. This project will provide a new five-lane road, two lanes in each direction plus a middle two-way left turn lane. Peach Avenue is located approximately 500 ft west from the existing Spring Valley Parkway/Bear Valley Road intersection. The existing roadway will not be fully decommissioned. Right turning movements from Bear Valley Road westbound onto Spring Valley Parkway as well as right turning movements from the existing Spring Valley Parkway southbound will be allowed. All other turning movements will not be allowed by re-stripping and tapering. In addition, the current traffic signal at Spring Valley Parkway and Bear Valley Road will be relocated to the proposed Peach Avenue intersection. The Project will go through vacant privately owned property for which the City will obtain right of way.	MND	11/30/2007

2007112004	Del Rio Woods Summer Dam Del Rio Woods Recreation-Park District Healdsburg--Sonoma The District is directing design of a seasonal flashboard dam with a permanent foundation and fold-down flashboards similar to the one currently in use at Vacation Beach in Guerneville. The dam will replace the historically used gravel berm dam. The flashboard dam will utilize the existing spillway structure that was used for the gravel dam. A permanent foundation will be constructed across that river channel that will incorporate fold-down flashboards and supports that will lay flat and remain in the stream channel.	MND	11/30/2007
2007112005	West Sacramento Flood Control Agency Early Implementation Project West Sacramento Area Flood Control Agency West Sacramento--Yolo To address under- and through-seepage concerns at two sites along the Sacramento Bypass levee and Sacramento River in the City, two treatments are being proposed. These treatments consist of seepage cutoff wall and relief well construction. Seepage cutoff wall construction is proposed at CHP Academy site (along the left bank of the Sacramento River). The goal of the project is to complete the treatment construction at the two sites in 2008. However, construction may extend over two seasons into 2009. Phase II would run from June through October 2008 and Phase II would run from June through October 2009.	MND	12/03/2007
2001092015	Santa Clara/Alum Rock Transit Improvement Project Santa Clara Valley Transportation Authority San Jose--Santa Clara NOP for a Draft EIR on transit improvements along the Santa Clara-Alum Rock corridor. Alternatives evaluated are: 1) single-car light rail transit; 2) bus rapid transit; and 3) no project.	NOP	11/30/2007
2007111003	City of Lancaster General Plan Update Lancaster, City of Lancaster--Los Angeles The City of Lancaster has undertaken a comprehensive revision of its General Plan. The last comprehensive revision occurred in 1997. The Lancaster General Plan is a dynamic document based on conditions and community values expressed during a particular period in time. Since these conditions change over time, the City must periodically reevaluate the General Plan to ensure that it continues to reflect the City's long-term vision for growth. The purpose for the General Plan revision is to update the plan so that it more adequately reflects the community's long-term vision for growth to the year 2030.	NOP	11/30/2007
2007112002	Mammoth Crossing Project Mammoth Lakes, City of Mammoth Lakes--Mono The project would involve the development of three sites on the northwest, southwest, and southeast corners of the intersection of Main Street, Lake Mary Road, and Minaret Road. A fourth site (1.3 acres) is part of the project, however no development is proposed on this site. The fourth site is included to be incorporated into the North Village Specific Plan. The entire project area encompasses approximately 10.6 acres total. There would be an addition of approximately 1,020 residential units (a combination of hotel rooms/suites and affordable housing units), and a total of approximately 40,150 square feet of	NOP	11/30/2007

	commercial space.		
2007102027	Tentative Parcel Map Application No. 2007-22 - Hawkins Ranch Parcel Map Stanislaus County --Stanislaus This is a request to divide a 797.44 acre parcel into two parcels, one 404.67 acre and one 392.77 acre respectively. Property is within the Williamson Act and is currently and will remain farmed in vineyards. The applicant has stated that the requested parcel map is intended to increase the agricultural viability of the parcel and that the entire property will remain in agricultural production. Currently the site has three structures, one 1152 square foot residence, one 1200 square foot shop and one 596 square foot shop. Although no additional structures are proposed at this time, any uses of the property must be compatible with the Williamson Act and with the County's General Agriculture (A-2) zoning district. The A-2 (General Agriculture) zoning district allows two dwellings on parcels of 20 acres or greater, given that they are incidental and accessory to the agricultural uses of the property.	Neg	11/30/2007
2007111001	Tentative Subdivision Map No. TM 782 Tulare County Resource Management Agency Tulare--Tulare A Tentative Subdivision Map to divide approximately 40 acres into 8 single family lots and a Remainder lot.	Neg	11/30/2007
2007111002	U.S. Coast Guard Bulkhead Replacement Project Orange County Newport Beach--Orange The proposed project includes the replacement of the remaining section of original bulkhead located in Newport Harbor in the vicinity of the U.S. Coast Guard Station. The section to be replaced consists of approximately 174 feet of tied back wall parallel to the harbor channel. The bulkhead extends from a top elevation of +11 feet MLLW (mean lower low water) at the cap to an elevation of about -14 feet MLLW at the tip of the street piles. The wall consists of Bethlehem Steel D2 U-shaped sheet pile sections. Lateral restraint is provided at the toe via penetration of the sheet piles in to the sandstone bedrock and at the cap with steel rod tiebacks connected to a continuous reinforced concrete deadman.	Neg	11/30/2007
2007112001	EMIA Harbor Homes Santa Cruz, City of Santa Cruz--Santa Cruz The project consists of Planned Development, Coastal and Design Permits and Tentative Subdivision Map for a 9-unit residential project involving nine detached, ownership units with three accessory dwelling units. Six of the lots are planned with three-bedroom homes, while the other three lots are planned with two-bedroom homes. Three of the lots also propose one-bedroom accessory dwelling units (ADU) that are located above the garage. All units have attached garages, except for proposed Lot 9 which has a detached garage. Access will be provided via a driveway off of Frederick Street.	Neg	11/30/2007

2007112006	Parcel Map Application No. 2006-44 - Willms Ranch LLC Stanislaus County --Stanislaus Request to divide a 2,302.34 acre property, under Williamson Act contract, to create a total of 44 parcels, ranging in size from 40.0 to 102 acres. Parcel map is requested for the purpose of agricultural financing. Project underwent a two week referral last January after which traffic, biological, and archaeological studies were requested from various referral agencies. In light of the new information presented in the studies the project is now undergoing a secondary eary consultation.	CON	11/15/2007
2000061145	Plan Amendment/Valley Plaza, and Laurel Plaza Development Los Angeles, City of North Hollywood--Los Angeles The Proposed Project consists of three components: 1. Amendment to the Earthquake Disaster Assistance Plan for Laurel Canyon Commercial Corridor, 2. Valley Plaza Shopping Center, and 3. Laurel Plaza Residential and Park Development.	EIR	12/17/2007
2007012050	Metropolitan Transportation Plan for 2035 Sacramento Area Council of Governments --El Dorado, Placer, Sacramento, Sutter, Yolo, Yuba The MTP is a long-range comprehensive plan for the region's multi-modal transportation system and one of SACOG's primary statutory responsibilities. An up-to-date MTP is a legal requirement if projects are to use federal or state transportation funds. Under federal and state law, SACOG must adopt an MTP and upgrade it at least every four years if the region is to receive federal or state transportation dollars. The MTP provides project priorities for public transit, streets/roads, bicycles, and pedestrian improvements. The MTP 2035 will succeed the 2006 MTP, and extends the planning period to 2035 from 2027. The next MTP is expected to be adopted in 2011.	EIR	12/19/2007

	SACOG is also the state-designated Regional Transportation Planning Agency (RTPA) for the counties of Sacramento, Yolo, Sutter, and Yuba. A RTPA is a multi-county or county-level agency responsible for regional transportation planning to meet state planning mandates.		
2007071112	The Summit at Calabasas Project Calabasas, City of Calabasas--Los Angeles The proposed project involves the vacation of an existing right-of-way, the combination of two lots, a change of the existing zoning of Commercial Business into Commercial Retail, and a general plan amendment to accommodate the development of a commercial center with five one-story buildings totaling approximately 70,100 gross square feet of commercial space. The project would require the demolition of an existing one-story single-family residential structure and a one-story accessory structure. Site preparation would involve excavation of earth to a depth sufficient to accommodate foundation engineering. The project design is intended to meet or exceed the Leadership in Energy and Environmental Design (LEED) Silver status.	EIR	12/17/2007
2006012079	Markis Use Permit, Development Plan Review, Tentative Parcel Map, and Exception Sacramento County --Sacramento The proposed project is a request for the following entitlements from the County of Sacramento: 1. A Use Permit to reduce the minimum 70-foot setback from the American River Bluff to ~35 feet for two new single-family homes. 2. A Development Plan Review for two new single-family residences proposed within the American River Parkway Combining (PC) Zone. 3. A Tentative Parcel Map to divide a 0.869-acre lot into two lots. 4. An Exception to allow the two proposed lots to be served by an existing private street system.	FIN

	process, it was verified by the Department of Fish and Game that the fill was deposited in a Streamside Management Area. This Special Permit is for the reduction of the Streamside Management Area buffer and for the alteration and restoration of the drainage. All alteration and restoration work within the wetland will be completed under agreement with the Department of Fish and Game (Streambed Alteration Notification No. R1-07-0365). The agreement indicates that the project consists of bank stabilization, erosion control, and construction of a settling basin lined with cobblestone.		
2007112011	GBH Commercial Project Winters, City of Winters--Yolo The project is a proposed subdivision of three parcels totaling 4,522 acres into seven parcels. The project would be developed with nine retail, commercial and office use buildings, internal driveways, and parking areas. Two of the buildings are proposed to have drive-throughs - one to serve a bank and the second for a yet undetermined commercial use such as food service.	MND	12/04/2007
2003072038	Revised Draft Ukiah Valley Area Plan (#GP 20-98) Mendocino County Ukiah--Mendocino From August of 2006 to August 2007, Mendocino County prepared a 2007 Draft UVAP. The County will be preparing a Draft and Final Program EIR for the 2007 Draft UVAP proposed by the County of Mendocino. The area (the "plan area") encompassed by the project includes approximately 60 square miles of land (about 38,000 acres) encompassing the Ukiah Valley in southeastern Mendocino County.	NOP	12/04/2007
2007111015	Avanterra Specific Plan Riverside County Palm Desert--Riverside General Plan Amendment and Specific Plan Amendment involving the development of 2,481 residential units on 128.32 acres, 461,000 square feet of office use on 11.37 acres, 1,155,000 square feet of commercial uses on 78.73 acres, 700,000 square feet of industrial uses on 21.65 acres, and a 236.58 acre golf course within the community of Plam Desert in Riverside County.	NOP	12/04/2007
2007052063	Cowell Student Health Center Expansion and Renovation University of California, Santa Cruz Santa Cruz--Santa Cruz The proposed project would renovate an existing two-story student health center and add an approximately 10,000 square foot two-story wing on the same site. The new wing would accommodate administrative and counseling offices and a pharmacy.	Neg	12/04/2007
2007111010	Ness Minor Use Permit D020066P San Luis Obispo County Morro Bay--San Luis Obispo Request by Ronald and Kathleen Ness for a Minor Use Permit to allow a 4,397 square foot two-story single-family residence with attached garage and a loft. The project will result in the disturbance of approximately 7,000 square feet on a 20,500 square foot parcel. The proposed project is within the Residential Single Family land use category and is located at 216 Madera Street, approximately 200 feet west of Rodman Drive, in the community of Los Osos. The site is in the Estero planning area.	Neg	12/04/2007

2006121082	06-KER-14 KP 73.9/100.2 (PM 45.9/62.3) Freeman Gulch Four-Lane Project Caltrans #6 Ridgecrest--Kern Caltrans proposes to convert the existing two-lane conventional highway into a four-lane, divided, controlled-access expressway. Proposed improvements on the existing roadway include placing an asphalt concrete overlay, flattening cut slopes, widening fill slopes, widening paved shoulders, and installing a median and inside/outside paved shoulders. The project also would require constructing a new Freeman Gulch Bridge, widening or replacing the existing Freeman Gulch Bridge and upgrading intersections.	NOD	
2006121101	Highway 86 Domestic Water Transmission Main Coachella Valley Water District Coachella--Riverside The proposed Highway 86 Domestic Water Transmission Main project will supply the communities of Valerie Jean and Oasis with domestic water from a more reliable groundwater source located approx. 8 miles to the north of the Thermal area. The proposed route of the pipeline parallels Highway 86 in the west shoulder within the existing right-of-way (ROW). The 30 inch diameter pipeline will connect to an existing 18 inch diameter pipeline on the east side of Highway 86 at Avenue 58 and cross to the west side of Highway 86. From Avenue 58 south to Avenue 62, the pipeline will be aligned approx. 26 feet from the existing centerline within the highway ROW. Approaching Avenue 66, the proposed pipeline will be located 35 feet from the centerline (15 feet from the edge of asphalt and 15 feet from the ROW line). The pipeline follows this alignment from Avenue 66 south to Avenue 74, a distance of approx. 4 miles. The pipeline will be installed with a minimum of three feet of earth cover. Vertical deflections will be installed where the proposed pipeline crosses other utilities including irrigation mains, agricultural drain lines, storm drain culverts and buried telephone lines. In line valves will be installed at 0.5 mile intervals and crosses for future connections will be installed at approx. 8 locations. The pipeline will be replaced in polyethylene wrap to protect the pipe from mildly corrosive soils. The primary purpose of this project is to provide reliable domestic water supplies to communicate in CVWD's lower valley service area, including Valerie Jean and Oasis.	NOD	
2007062028	Cowell Purisima Coastal Trail Project San Mateo County Half Moon Bay--San Mateo Coastal Development Permit to construct a 3-mile section of Coastal Trail at North Cowell Ranch & Purisima Farms.	NOD	
2007062060	Lane Zone Reclassification, Minor Subdivision and Special Permit Humboldt County Community Development Services --Humboldt A Zone Reclassification and Parcel Map Subdivision to divide an approximately 3.03 acre parcel into two parcels of 1 and 2 acres, respectively. The subdivision will site an existing residence, detached garage, and storage buildings onto proposed Parcel 2. An existing barn will be sited on proposed Parcel 1. A Special Permit is required to allow the barn to remain on proposed Parcel 1 prior to the establishment of a primary use. The parcels are served with community water and sewer by Fieldbrook Community Services District and accessed via Glendale Crive and Hilltop Road. The project requires a Zone Reclassification from Agricultural General (AG) to Residential Suburban (RS) to be consistent with the current General Plan Designation and facilitate the subdivision. 	Eastside Road would also be constructed.		
2007112019	Evans Estates-Pillsbury Estates Manteca, City of Manteca--San Joaquin The proposed project includes annexation, rezoning, development agreement, tentative subdivision map, and construction of two subdivisions known as Evans Estates and Pillsbury Estates. In addition, development of Pillsbury Estates would also require a General Plan amendment to designate 16.4 acres of the project site as LDR (low-density residential) from MDR and HDR (medium- and high-density residential). The Evans Estates development proposes to subdivide 160 acres into 586 single-family lots and removal of two existing single-family homes. The Pillsbury Estates development proposes to subdivide 80 acres into 275 lots, which includes 274 new units and preservation of one existing home.	NOP	12/05/2007
2007111021	Williams Residence; P03-134, Log No. 03-01-009 San Diego County Department of Planning and Land Use Fallbrook--San Diego The project is an unmanned wireless telecommunications facility consisting of up to 12 panel antennas mounted to a new 40-foot high broadleaf monotree. The equipment shelter will be constructed on concrete a slab, surrounded by a 9-foot-2 inches high concrete block wall. The structure, which will have a sloped roof (slope 5/8 inches per foot minimum) and dimensions 11 feet-4 inches W x 7 feet-4 inches L x 9 feet-2 inches H, will be located approximately 15 feet south, and down slope, of the broadleaf monotree. Equipment inside the shelter will include four BTS equipment cabinets mounted on a battery base frame, and coaxial cable. All materials and design used in constructing this project will be integrated to match the colors, textures, and architecture associated with the existing surroundings.	Neg	12/05/2007
2007111022	Cingular (a.k.a. AT&T) Black Mountain Middle School San Diego, City of San Diego--San Diego Neighborhood Use Permit (NUP) to construct, operate and maintain an unmanned, wireless communication facility on the upper sports field at Black Mountain Middle School. The facility would consist of three sectors of four antennas each for a total of 12 panel antennas collocated on a future 35'-0" high T-Mobile faux monopine. Associated equipment would be located in an 8'-0" high split-faced concrete block enclosure on an approximately 20'-0" by 23'-4" lease area.	Neg	12/05/2007
2007111023	Sprint Nextel (Sprint) Black Mountain Middle School San Diego, City of San Diego--San Diego Neighborhood Use Permit (NUP) to construct, operate and maintain an unmanned, wireless communication facility on the upper sports field at Black Mountain Middle School. The facility would consist of three sectors of four antennas each for a total of 12 directional panel antennas mounted to an existing 44'-0" high Verizon faux monopine. Associated equipment would be located in an approximately 9'-0" high equipment enclosure in an approximately 12'-0" by 20'-0" lease area located on the east side of the existing Verizon monopine. 2007112014	Parcel Map Application PM-20-06, by Airport Road Development, LLC Redding, City of Redding--Shasta The project sponsor is requesting approval of a tentative parcel map to subdivide approximately 116.1 acres to create 9 parcels to support future allowable commercial and/or light industrial uses, 4 parcels for resource conservation purposes, and a remainder parcel. Lot sizes range between 2.59 and 18.66 acres. No specific uses or development plans are proposed on any of the proposed lots at this time.	Neg	12/05/2007
2007112015	Fiber Optic Infrastructure Upgrade Project University of California, Santa Cruz Santa Cruz--Santa Cruz The proposed project would upgrade campus fiber optic data communications infrastructure, through installation/replacement of fiber optic cable.	Neg	12/05/2007
2007112016	TTM 05-1014 Red Bluff, City of Red Bluff--Tehama The proposal is to subdivide one (1) existing lot, totaling 11.15-acres, (APN 024-040-73) into forty-nine (49) lots comprised of single family residential lots ranging in size from 6,000 square feet to 11,695 square feet. Proposed is the extension of Kemper Avenue north from the point where it currently terminates on the southwest corner of the project area. Two additional roadways (Misty Way and Dori Lane), will be constructed within the project area. Sewer and water will be supplied by municipal providers. Storm water will be detained by an underground storm drain detention system.	Neg	12/05/2007
2007112017	Incorporation of New City of San Marin Santa Clara County Local Agency Formation Commission Gilroy, Morgan Hill, Unincorporated--Santa Clara The Project is the incorporation of a new city to be called the Town of San Martin located in southern Santa Clara County between the cities of Morgan Hill and Gilroy. The incorporation, if approved by LAFCO and supported by a majority vote of registered voters in the area, would transfer general governance and jurisdiction over service provision and land use decisions from the County of Santa Clara to the new town of San Martin. The project also involves the establishment of planning boundaries such as the urban service area and sphere of influence for the new Town of San Martin. No new development or new services are associated with the proposed project. The Project does not include changes in land use, as the new Town upon incorporation will adopt the Santa Clara County Zoning Ordinance and General Plan.	Neg	12/05/2007
2007112018	Folsom Boulevard Specific Plan Rancho Cordova, City of Rancho Cordova--Sacramento Adoption of the Folsom Boulevard Specific Plan would implement the vision, goals, policies, and actions of the City's General Plan by establishing policies and regulations to guide subsequent development and redevelopment of the project area. There are no physical improvements or construction activities proposed by the proposed project itself, at this time. Future actions and development within the project area will be subject to additional environmental review on a project-by-project basis. Implementation of the proposed project could result in the intensification of land uses from those currently existing. The impacts of this	Neg	12/05/2007

	various text provisions to conform to the current requirements of California Community Redevelopment Law. The Plan amendment would also change the name of the project and project area from "Sonoma Valley Redevelopment Project" to "The Springs Redevelopment Project." The proposed plan amendment and restatement will not include any changes to the land uses, layout of principal streets, population densities, building intensities or building standards applicable to the area. Additionally, the proposed plan amendment and restatement will not contain any extension or renewal of the Commission's power of eminent domain within the project area, which expired in 1996.		
2007091129	Wilson Creek Culvert Improvement Project Caltrans #9 --Mono The California Department of Transportation (Caltrans) proposes to install a new lining in the existing culvert under State Route 167 at Wilson Creek and place rock slope protection at the outlet of the culvert. Rehabilitation of the culvert is needed to prevent deterioration of the culvert and erosion.	FIN	
2007111030	Commission Review and Approval No. 845, Conditional Use Permit Nos. 911, 912 and 913 Redlands, City of Redlands--San Bernardino The project proposes to develop a five (5) building commercial center that includes a food market, gas station, in-line shops and two (2) drive-through restaurants with a cumulative building area of 77,952 sq. ft. on approx. 8.12 acres located on the northeast corner of Lugonia Ave. (State Hwy 38) and Wabash Ave.	MND	12/06/2007
2007112021	Deer Valley Estates Master Plan Antioch, City of Antioch--Contra Costa The proposed project would subdivide the existing undeveloped project site into 136 single-family residential lots ranging from approx. 7,000 to 7,500 sq. ft. in size. The project would develop 136 one- and two-story single-family detached homes. The average density of development would be approx. 3.6 dwelling units per gross development acre. The project also includes development of an approx. 1.69-acre park and associated landscaping, roadway, and utility improvements.	MND	12/06/2007
2007112025	Big Lagoon Park Company Coastal Development Permit and Special Permit (CDP-06-83/SP-06-91) Humboldt County Community Development Services Trinidad--Humboldt A Coastal Development Permit and Special Permit for major vegetation removal in the Coastal Zone. The applicants propose to remove approximately 43 trees (40 Sitka Spruce, 1 red alder, 2 cypress) within the Big Lagoon Park Company land. Big Lagoon Park consists of approximately 78 individual residences within a common parcel. The trees are all within the general vicinity of cabins, water lines, and the water tank, and have been deemed by a Registered Professional Forester to be diseased or dangerous. The construction of a 10,500 gallon reinforced concrete water tank is also proposed. The tank will be approximately 14 inches in diameter and approximately 14 feet high. There is an existing water tank that will be left in place and used for storing water for emergencies. No other development is proposed. Approximately 30 cubic yards of fill will be required for the pad of the new water tank. The parcel is served by community water and on site septic systems.	MND	12/06/2007

2007118057	Proposed Early Education Center Site Toxic Substances Control, Department of Chino--San Bernardino The Removal Action Workplan specifies cleanup procedures to be implemented at the Proposed Early Education Center Site for excavation, removal, and off-site disposal of soils contaminated with Arsenic and Lead. Excavation, sampling and site restoration activities are expected to occur over a three week period.	NOE	
2007118058	Tooleville Mutual Nonprofit Water Association Water Distribution System Rehabilitation Project Tulare County Resource Management Agency --Tulare The project would include replacement of the water distribution system, within existing roadways and removal of deadened lines by looping the distribution system within easements and rights-of-way. Project includes installation of new water services with meters as well as new fire hydrants and isolation valves. The estimated length of the pipeline is less than 4,000 lineal feet.	NOE	
2007118059	Water Line Replacement and Extension Bodega Bay Public Utility District --Sonoma The project is replacing an existing water line for 100' (maintenance) and ensuring system reliability and flexibility by adding ~340 additional feet to connect to an existing line. No new service will be provided. Pipeline is located in the existing paved road, no new disturbance will take place.	NOE	
2007118060	Center Street Sewer Regional Water Quality Control Board, Region 6 (Lahontan), South Lake Tahoe Victorville--San Bernardino To install approximately 1,000 feet of sewer line (310' in wash), including a concrete encasement, through the Oro Grande Wash to augment and assist the existing sewer line.	NOE	
2007118061	Reconstruct and Stabilize Embankment Slopes Caltrans #3 Williams--Colusa Reconstruct and stabilize embankment slopes using a combination of plate piles, imported borrow and native material.	NOE	
2007118062	Deadwood Conservation Camp - Utility Upgrade Project Forestry and Fire Protection, Department of Yreka--Siskiyou The work proposed consists of improvements to existing utilities within an existing CAL FIRE Conservation Camp including new underground distribution for propane, electrical, water, and two sections of sewer piping. The electrical and water lines will require trenching. Trenches will be excavated in the vicinity of existing camp buildings, along the access road within the building cluster, and leading to the existing propane tank.	NOE	
2007118063	Castaic Lake East Ramp Wave Attenuator Boating and Waterways, Department of --Los Angeles This project would install a 3000 sf wave attenuator offshore to enable boaters to safely launch and retrieve their boats at the East Ramp location during high wind conditions. The East Ramp boating area consists of an asphalt launch ramp, parking lot, day-use area and restroom facilities. This specific location on Castaic	NOE

	Lake is exposed to high winds which generate waves that make boat launching and retrieval difficult and potentially dangerous.		
2007118064	Silverwood Lake Live Oak and Chamise Boat-In Site Improvements Boating and Waterways, Department of --San Bernardino The project is at 2 locations in Silverwood Lake. The first location is at Live Oak Landing on the east side of the lake. At this location, the 8 existing shade structures will be replaced with new ones. At Chamise, the second location, ADA accessible pathways will be installed. The California Natural Diversity Database and the U.S. Fish and Wildlife website has been researched and no threatened or endangered species will be affected by the project.	NOE	
2007118065	Willow Creek Best Management Practivce (BMP) Demonstration Projects Goose Lake Resource Conservation District --Modoc In cooperation with the Goose Lake Coalition for irrigated lands, the GLRCD has identified two BMP projects on Willow Creek that will both improve water quality and serve as demonstrations to other landowners as possible solutions to common watershed problems throughout the Goose Lake Basin. The first project involves the repair of an existing catch reservoir's spillway. The second project involves the construction of a 1/2-mile of riparian fence to give the landowner greater ability to manage livestock distribution and access to the creek.	NOE	
2007118066	Camp Roberts Water Well and Pipeline Replacement Military Department - Office of the Adjutant General --Monterey Project involves the installation of a new ground water supply well. The approximate amount of ground disturbance associated with this project is 0.23 acres, with 0.115 acres dedicated to the ground water supply well site upon completion. Associated actions will include the replacement of 9000 linear feet of water supply line. Electrical power will be provided by existing overhead transmission lines.	NOE	
2007118067	Train Museum Re-wiring Parks and Recreation, Department of --Humboldt Relocate the power source for the Locomotion Shelter at Fort Humboldt State Historic Park to upgrade the system to current safety standards. Work will relocate the power source to the service box in the garage of the District Office. The new line will run from the service panel to the north west corner of the building, exit the building, and enter an under ground trench travel 55 feet to the south west corner of the Locomotion Shelter service panel.	NOE	
2007118068	Issue Right of Entry to Trust for Public Land for Access to Stern Ranch Parks and Recreation, Department of --Sonoma Grant adjacent land owner, the Trust for Public Land (TPL), a one year Right of Entry permit (ROE) to access Stern Ranch, the adjoining property owned by TPL. Access to Stern Ranch will be by way of the existing park road system.	NOE

2007061026	Opus West Russell Ranch Project Westlake Village, City of Westlake Village--Los Angeles The proposed project consists of developing the 19.33-acre parcel with a mixed-use office park facility. In total, the project comprises 435,000 square feet (sq. ft.) of new building space, with two office buildings comprising 361,000 sq. ft., three restaurant buildings comprising 21,000 sq. ft., and a 53,000-sq. ft. structure consisting of a 45,000-sq. ft. fitness center and 8,000 sq. ft. of retail space. The project also includes an at grade plus 3-level parking structure containing 753 parking stalls, which in combination with onsite surface parking would give the project 1,682 total parking spaces. The maximum building height for all proposed structures is 61'- 0", as regulated by the Westlake North Specific Plan.	EIR	12/24/2007
2007084003	Oaks Retreat Fee-to-Trust Bureau of Indian Affairs, Sacramento Area San Jacinto, Hemet--Riverside The Bureau of Indian Affairs (BIA), serving as the lead agency, with the cooperation of the Soboba Band of Luiseno Indian (the Tribe) has gathered available information necessary for preparing an Environmental Assessment to evaluate the effects of alternatives to taking 477.65 +/- acres (commonly referred to as the "Oaks Retreat Property") of fee land currently owned by the Tribe into federal trust status. The purpose of the proposed action is to help ensure the Tribe's cultural preservation, self-determination, self-sufficiency and economic independence as federally recognized Indian tribe by securing the properties into a land base held in trust. The Oaks Retreat property was recently developed to accommodate four softball fields, a baseball park, parking space, concessions and infrastructure.	FON	12/07/2007
2007111031	Black Gold; P05-036, TPM 20974, Log No. 05-14-038 San Diego County Department of Planning and Land Use --San Diego The project is a request for a Major Use Permit and Tentative Parcel Map to subdivide an existing parcel into three lots for the future development and operation of a car wash, office building, eating and drinking establishment, warehouse and commercial fueling center.	MND	12/07/2007
2007111032	TPM 20573, BA 00-0275, Log No. 00-08-052; Steinbeck TPM San Diego County Department of Planning and Land Use Escondido--San Diego Minor residential subdivision to divide a 4.21-acre parcel into 4 lots. The project site is located on 10211 Legend Rock Road in the North County Metropolitan Community Plan area, within the unincorporated San Diego County. The site is subject to the General Plan Regional Category 1.5 (CT) Country Town, Land Use Designation (2) Residential, Zoning for the site is A70 (Limited Agricultural). Access would be provided by a private road connecting to High Vista Drive. The project would be served by sewer and imported water from the Valley Center Municipal Water District. Extension of sewer or water utilities will be required for this project. Earthwork will consist of cut and fill of 12,000 cubic yards of material.	MND	12/07/2007
2007111036	Conservation Plan for the Johnson Ranch Open Space San Luis Obispo, City of San Luis Obispo--San Luis Obispo Land use and conservation plan for 242 acres of city-owned open space known as the Johnson Ranch Open Space. The plan provides direction on the management	MND	12/07/2007

	of recreational activities, wildlife protection, wildfire management, and sensitive habitat conservation. The ultimate aim of the plan is to reconcile public use of the land for passive recreation (hiking, mountain biking) with the conservation of natural resources, protection of sensitive species, and wildfire emergency preparedness.		
2007111037	Conditional Use Permit 06-28 and Coastal Development Permit 06-40 (30516 Coast Highway) Laguna Beach, City of Laguna Beach--Orange The project includes demolition of an existing 25,812 square foot private school facility (Saint Catherine of Sienna Catholic School) and construction of a new 39,754 square foot school facility, for an increase in floor area of 54%. The 6.5-acre site will continue to take access from Coast Highway/Cardinal Avenue and egress from the Saint Catherine's exit. Approximately 2.9 acres of the site will remain open space consisting of natural terrain and habitat. The project includes a fuel modification plan.	MND	12/07/2007
2007112031	Creekside Mobile Home Park Deck Repair Clearlake, City of Clearlake--Lake Repairing an existing deck, replacing concrete boat ramp and concrete decks on either side of the ramp on the bank of Cache Creek. Additionally, 370 feet of rip rap is proposed to be installed to stabilize the bank and prevent further erosion of creek bank.	MND	12/10/2007
2007112034	Parcel Map #07-17, Lonnie Currey & Roselyn Brant-Currey Tehama County Planning Department --Tehama To create three parcels; with Parcel 1 being approximately 1.79 acres, Parcel 2 being approximately 1.76 acres and remainder parcel being equal to approximately 9.34 acres in an R1-A-MH-I-B: 86; Single Family Residential-Animal Raising Combining District- Special Mobile Home Combining- 2 Acre Minimum- Zoning District.	MND	12/07/2007
2007112036	Heritage Oaks Rezone, and Tentative Subdivision Map Oroville, City of Oroville--Butte Zoning Amendment with a request for a PD overlay and Tentative Subdivision Map to create 79 residential lots on the project site. The General Plan establishes 0.2 to 2 units per gross acre as the acceptable density range for low density residential designations. This would equal an acceptable range of approximately 9.4 to 94 total dwelling units allowed on the 47-acre project site. Approximately 12 acres of the site will be preserved as open space. Homes will be clustered on lots averaging about 14,000 square feet in size. The property is within the City limits of Oroville.	MND	12/07/2007
2007061126	Regional Transportation Plan Southern California Association of Governments --Los Angeles, Orange, San Bernardino, Riverside, Ventura, ... SCAG is preparing the 2008 RTP for the SCAG region. The RTP is the culmination of a multi-year effort with a focus on improving the balance between land use and transportation systems, both current and future. SCAG is required by federal law to create a RTP that determines the needs of the transportation system and prioritizes proposed transportation projects. The RTP is also	NOP	12/07/2007

	necessary to obtain and allocate federal funding for regional transportation projects. Under new federal laws as contained in the Safe, Accountable, Flexible, Efficient, Transportation Equity Act- a Legacy for Users (SAFETEA-LU), the RTP must be comprehensively updated once every four years to ensure that the plan adequately addresses future travel needs and is consistent with the federal Clean Air Act. SCAG does not implement individual projects in the RTP; these projects will be implemented by agencies other than SCAG.		
2007111034	Colorado Lagoon Restoration Project Long Beach, City of Long Beach--Los Angeles The City of Long Beach is considering a project that would upgrade the Colorado Lagoon water body and adjacent habitat and recreation areas. The proposed project would implement (1) water quality and sediment quality improvements, (2) habitat improvements, and (3) recreational improvements.	NOP	12/07/2007
2007112038	Intermediate Care Facility and Administrative Segregation Unit, California Medical Facility and California State Prison Solano Corrections and Rehabilitation, Department of Vacaville--Solano In response to continued projected deficiencies in the number of male inmate beds, and to address mental health care needs in compliance with court requirements, CDCR is proposing to construct a 64-bed intermediate care facility (ICF) at the CMF and a 100-bed administrative segregation units (ASU) facility at CSP Solano. In addition, spaces have been identified in existing common areas (i.e. gymnasiums, day rooms, etc.) at CSP Solano for 472 non-traditional beds that have not been activateed due to infrastructure constraints. The possibility of these 472 potential beds being installed and occupied will be included i the EIR analysis. Finally, a potential future project at CMF consists of replacing existing barred cell fronts with solid wall/door units. These projects will be addressed in a Program EIR.	NOP	12/07/2007
2007111033	SPCA Renovation Project Monterey County Monterey--Monterey The proposed project is a Combined Development Permit consisting of: (1) a Use Permit for the removal of 30 protected oak trees; (2) a Use Permit for development on slopes in excess of 30%; (3) an Administrative Permit for development in a visual sensitivity district; and (4) a Lot Line Adjustment to combine four substandard lots, on a 5.5 acre area of a total 219.43 acre property. The project is an upgrade, renovation and expansion of the SPCA existing facilities, an increase from 26,107 to 36,275 square feet, no additional services are proposed. Grading is proposed to require approximately 3,600 cubic yards cut and 5,040 cubic yards of fill. The properties are located at 1002 Highway 68, Monterey, Greater Monterey Peninsula Area in Monterey County.	Neg	12/07/2007
2007112032	Everett Meisser & Lisa Rogers Siskiyou County Planning Department Mount Shasta--Siskiyou The applicants request Tentative Marcel Map approval to divide a 21.0 acre parcel into two 5-acre parcels and two 5.5 acre parcels.	Neg	12/12/2007

<u>Documents Received on Thursday, November 08, 2007</u>			
2007112033	Eric F. and Katherine L. Rice Siskiyou County Planning Department Etna--Siskiyou The applicants are requesting Tentative Parcel Map approval to create four (4) parcels (10.32 acres, 5.03 acres, 5.01 acres, and 5.15 acres), along with a 9.32-acre remainder parcel from an existing parcel totaling 34.8 acres in size.	Neg	12/12/2007
2007112035	William and Elsie Thackeray Trust Siskiyou County Planning Department Etna--Siskiyou The applicants are requesting Tentative Parcel Map approval to create two (2) parcels (10.02 acres and 7.49 acres), from an existing parcel totaling 17.51 acres in size.	Neg	12/07/2007
2007112037	Murray Street Bridge Seismic Retrofit Project Santa Cruz, City of Santa Cruz--Santa Cruz The proposed project consists of a seismic retrofit of the existing Murray Street Bridge, which spans the Santa Cruz Small Craft Harbor and additional minor modifications to replace deficient bridge barriers (widening shoulders to standard widths and replacement and improvement of sidewalks and railings). The seismic retrofit project will provide the bridge with additional vertical support and resistance to lateral seismic forces by installing additional pilings and supplemental structural elements. In order to provide sufficient area for construction operations, some boats, harbor facilities, and commercial businesses will require temporary relocation.	Neg	12/07/2007
1995123040	Modifications to the Skyway Interchange on Highway 99 Chico, City of Chico--Butte The City is proposing to construct Phase 1B of the SR99/Skyway Interchange Project. The Skyway interchange project was originally proposed and approved in the 1990s. It consisted of two phases: Phase I, proposing modifications to Skyway Interchange, and Phase II, proposing to replace the existing structure. Phase 1 was then split into Phase IA and Phase IB. Phase IA, reconstruction of the east side of the interchange, was constructed in the late 1990s. Phase IB, reconstruction of the west side of the interchange, is the current project which is proposed to be constructed in 2008.	NOD	
1998061010	San Dieguito Wetland Restoration San Dieguito River Park Joint Powers Authority San Diego, Del Mar--SAN DIEGO The applicant proposes to alter the San Dieguito River and its floodplain and to accommodate construction of Segments 2 through 8 of the Coast-to-Crest Trail and 4 wetland ponds, impacting 5.14 acre of streambed. The trail will be composed of an 8' wide, stabilized, compacted decomposed granite surface, with 1" header boards on both sides of the 8' wide trail and 2' wide graded shoulders.	NOD

2005124001	San Luis Rey Flood Control Project U.S. Army Corps of Engineers Oceanside--San Diego CDFG is issuing a Streambed Alteration Agreement to the project applicant, City of Oceanside. The applicant proposes to alter the streambed of the San Luis Rey to accommodate the San Luis Rey Arundo Eradication Project. The focus of the project is to remove ~45 acres of Arundo donax as an element of the overall San Luis Rey River Flood Control Project.	NOD	
2007022106	Fairfield/Murphy Ranch Residential Development Project Milpitas, City of Milpitas, San Jose, Fremont--Santa Clara The project is a 659 unit residential development, including a public park and trail connection located on a 21.73 acre site located west of Murphy Ranch Road, south of Technology Dr., north of Hetch Hetchy pipeline and east of Coyote Creek.	NOD	
2007042022	San Ramon City Center Project San Ramon, City of San Ramon--Contra Costa The proposed project consists of the new construction of approx. 2.1 million sq. ft. of retail, hotel, residential, office, and civic uses on approx. 44 acres. As part of the project, 194,652 sq. ft. of existing office space will be demolished, and the project will utilize a vested un-built office entitlement of 328,220 sq. ft. As a result, the project would result in a net increase of 1.6 million sq. ft. above the existing vested entitlements for the site. Specific project elements include approx.: 635,000 sq. ft. of retail and cinema uses, a 169 room hotel, up to 487 residential dwelling units, 680,000 sf of office space, 50,000 sf of retail/ flex uses, and a 110,000 sf City Hall, including Council Chambers, Library, and Police Dept. Headquarters.	NOD	
2007081048	San Jacinto Animal Shelter Riverside County San Jacinto--Riverside The County of Riverside Department of Facilities Management Riverside has proposed development of the San Jacinto Valley Animal Shelter, which includes construction of an approximately 30,000 square foot building, outdoor facilities, and parking. The animal shelter will provide care and shelter for orphaned and abandoned animals in the community, and would include dog, cat, and large animal kennels, outdoor animal runs, public adoption areas, program/administration, classroom areas, and employee and visitor parking. A veterinarian clinic is being considered as an optional component for the project site. If constructed, the clinic would be used for surgery and the medical treatment of animals, spay/neuter services, and vaccinations. The proposed animal shelter is anticipated to encompass less than one acre, and the remaining undeveloped land onsite (approximately 10 acres) would be reserved for future uses at the discretion of the County. 2007118113	Local Community Taking Action to Enhance the Napa River Ecological Reserve for Wildlife Habitat and Recreational Open Space Napa County Yountville--Napa The proposed project is a partnership between the Napa County Regional Park and Open Space District (District), Napa County Resource Conservation District (RCD), Natural Resources Conservation Service (NRCS), California Department of Fish and Game (DFG), and Acorn Soupe, a not-for-profit 501(c)(3) that provides environmental education programs to elementary school children. Intensive habitat mapping, planning, and restoration will occur over a 3.7-acre section of the property on the west side of the Napa River, outside of the existing river levee, that is most accessible to the public and is in most need of restoration. In addition to the habitat enhancement work, the project will improve a portion of an existing trail crossing the same 3.7-acre site to make it accessible for Americans with disabilities. The project will also explore the feasibility of replacing a stream crossing over the Napa River with a seasonal bridge without permanent footings to improve and expand pedestrian access to a 3/4-loop trail on the east side of the Napa River. An existing out-of-date and dilapidated interpretive kiosk at the site will be redesigned and signs explaining site rules and regulations will be replaced. The group will explore alternative interpretive opportunities which may include but are not limited to development of a brochure for self-guided hikes, on-site markings, remote interpretive information (e.g., on-line, via cell phone), a	NOE

	replacement work. Through traffic will be detoured to Highway 5 or Old Edgewood Weed Road.		
2007021005	Alessandro Business Center Riverside, City of Riverside--Riverside The proposed project involves the grading, construction, and operation of a 36.62-acre business center for light industrial, warehouse distribution, and office uses. The business center would consist of four buildings, totaling approximately 662,018 square feet, ranging in size from approximately 36,243 square feet to approximately 440,374 square feet. Two driveways are proposed on Alessandro Boulevard and two driveways are proposed on San Gorgonio Drive to provide site access.	NOP	12/10/2007
2007112040	420-430 29th Street Avenue St. Peter's Church Relocation and Supportive Housing Project (file #: 2006.0881E) San Francisco Planning Department San Francisco--San Francisco The Saint Peter's Episcopal Church and the Housing Services Affiliate (HSA) of the Bernal Heights Neighborhood Center proposes demolition of the Saint Peter's Episcopal Church (St. Peter's) Sanctuary, an unreinforced masonry building (UMB) built in 1913, renovation of two existing buildings (Parish Hall and Rectory) and construction of a new 20-unit housing development (19 residential units for developmentally disabled adults, and one unit for an onsite manager) on the Saint Peter's Episcopal Church (Saint Peter's) property located at 420-430 29th Avenue (proect site).	NOP	12/10/2007
2007112042	19th Street Residential Condominium Project Oakland, City of Oakland--Alameda The proposed 19th Street Residential Condominium Project would include the construction of a 2-story residential tower with approximately 370 residential units (including a mix of one- and two-bedroom units). Project parking, approximately 357 spaces, would be provided in five levels of subsurface parking. The residential tower would have an overall contemporary appearance with a distinctive split pyramidal roof-form, with louvered sloped planes and twin spires. Common open space areas (20,322 square feet) would include an entry plaza with landscape plantings, a stone patio with elements relocated from the existing garden, a 40th floor viewing area and roof terrace. Private terraces and balconies would provide a total of 14,618 square feet of private open space. Project development would require the removal of the existing garden on the site. This garden is a Designated Historic Property (DHP) and is rated A1+, of the "highest importance" by the Oakland Cultural Heritage Survey (OCHS). The garden is an anchor and primary contributor to the 244 Lakeside Drive Building Group, an Area of Primary Importance (API).	NOP	12/10/2007
2007052052	The Exploratorium Relocation Project San Francisco, City and County of San Francisco--San Francisco The Proposed Project is the relocation of the Exploratorium from the Palace of Fine Arts, at 3601 Lyon Street, to Piers 15/17, along The Embarcadero, on the waterfront. The Project Site, owned by the Port of San Francisco, is comprised of the 136,145-gross-square-foot (gsf) Pier 15, 110,615-gsf Pier 17, 11,773-gsf Connector Building, a paved parking area ("Valley"), and a 1,579-gsf office shack	Neg	12/10/2007

<u>Documents Received on Friday, November 09, 2007</u>			
	<p>in the Valley. Piers 15 and 17 are contributing resources to the San Francisco Embarcadero National Register Historic District. The Exploratorium proposes to lease from the Port Pier 15, the Connector Building and Valley, plus a portion of the east apron (which is the walkway between the building and water edge), for use as a museum. The use of the new space would be commensurate with the program at the Exploratorium existing location, but 38 percent larger. Under the Expanded Project, it is currently contemplated that The Exploratorium would have an option to expand the museum into Pier 17 in the 17th year of its lease. Until then, the Port would continue to lease Pier 17 to commercial and light industrial users and proposes to lease approximately 5,000 gsf within Pier 17 for restaurant or other retail use. The impacts of expansion into Pier 17 by The Exploratorium are evaluated in the Initial Study and referred to as the Expanded Project. Overall, the Proposed Project would increase Project Site floor area by approximately 65,929 gsf by adding a second level within the Pier 15 shed: total post-construction floor area in Pier 15 and the Connector Building would be approximately 215,426 gsf of which 200,000 gsf is to be occupied by The Exploratorium and the total building floor area would total 326,041 gsf. The existing office shack and much of the Valley paving would be removed to expose the water and would feature an outdoor exhibit area and provide public access to the Bay front. A current on-site maritime use in Pier 15 would remain, either in Pier 15 or Pier 17. The project also would include temporary and ceremonial berthing of ships and a water taxi landing.</p>		
2007111038	<p>Wray Grading Permit San Luis Obispo County Atascadero--San Luis Obispo Request by Mr. Wray for a grading permit to grade for a barn, driveway, and two landscape berms, which will result in the disturbance of approximately 0.44 acre (19,024 square feet), including approximately 200 cubic yards of cut and 200 cubic yards of fill, on a 38.9-acre parcel.</p>	Neg	12/10/2007
2007111040	<p>Erreca Utility District Annexation San Diego County Local Agency Formation Commission --San Diego The project is the annexation of a 22.71-acre parcel into the Lakeside Sanitation District, the Metropolitan Water District, the County Water Authority, and the Lakeside Water District. 	acquisition and/or management of 166,380+/- acres of additional conservation and complementary conservation lands. The Plan seeks issuance of a 75-year incidental take permit.		
2003121057	Camp Wawona Redevelopment and Proposed Land Exchange Mariposa County --Mariposa Redevelopment of the legally existing non-conforming Seventh-day Adventists Camp Wawona in the Mountain Residential zoning district of the Wawona Town Planning Area Specific Plan. Project includes amendments to the Specific Plan and issuance of a Conditional Use Permit.	NOD	
2005092070	Lake Davis Pike Eradication Project Fish & Game #2 --Plumas DFG approved a project to eradicate pike in Lake Davis and its tributaries. In implementing the project, DFG has amended a streamflow agreement between DFG and DWR to provide for continued cessation of streamflows from Lake Davis through Grizzly Valley Dam beyond the previously-approved 45-day period. The minor modification to the previously-approved project allows completion of treatment chemical neutralization through natural degradation in the reservoir.	NOD	
2006062112	Revised & Recirculated Soscol Gateway Redevelopment Project Area, Specific General Plan/Zoning/Design Guideline Changes Napa, City of Napa--Napa The project involves the proposed adoption of a new 376-acre Soscol Gateway Redevelopment Project Area, and related General Plan, zoning and design guideline policy changes recommended by the Soscol Gateway Implementation Plan Recommendations report, endorsed by the City Council in February 2006. The project consists of the following primary components: (1) creation of a new Soscol Gateway Redevelopment Project Area; (2) amendments to the General Plan Land Use Elements; (3) amendments to the General Plan Transportation Element; (4) amendments to the City's Soscol Corridor/downtown Riverfront Development & Design Guidelines; and (5) amendments to the Zoning Code.	NOD	
2006092093	North Table Mountain Ecological Reserve Land Management Plan Fish & Game #2 Oroville--Butte North Table Mountain Ecological Reserve Land Management Plan describes the resources present on site and establishes goals and guidelines for operation. Primary activities described for the Reserve are protection and enhancement of native vegetation, and wildlife, continuance of an existing grazing program and public use.	NOD	
2006112124	Boots Commercial Stables Humboldt County Community Development Services --Humboldt Project seeks to remedy a land use violation wherein a commercial stable was established without the benefit of County review. The applicant currently has 40 horses boarded on the 89 acre parcel. This application seeks to legitimize that number, add another 80 horses in the immediate future and include the capability of an additional 40 horses at some point in the future totaling commercial stables for up to 160 horses. This permit includes a 11,250 square foot barn, a 3,500 square foot second farm dwelling, a 6,000 square foot uncovered parking area	NOD

	30-foot signs from 100 square feet to 121 square feet and 132 square feet.		
2007111055	CUP-2007-03 & V-2007-05 Hesperia, City of Hesperia--San Bernardino The facility, known as the Hesperia Civic Green, will provide for a variety of passive and active recreational activities. This area will be used for recreational activities of all types, from non-organized sports to leisure activities such as picnicking or reading. On the perimeter of this area, shuffle board, bocce ball, chess, and reading tables will be established. The southeast portion of the park will contain a large rose garden with a memorial, overhead trellises, outdoor seating and classroom areas, and art displays. On the west side of Eighth Avenue, next to the amphitheatre, a Christmas tree will be planted, which will be decorated annually. A portion of Eighth Avenue will traverse the park. The street will be closed to vehicular traffic between Juniper Street and Smoketree Street and will only be opened to allow for farmer's markets, car shows, and other outdoor events. The southern portion of the site will contain 800-seat outdoor amphitheatre. The 2,200 square foot amphitheatre would include a stage, dressing areas, restrooms, equipment, and a movie screen backdrop. The amphitheatre will host live entertainment including musical and theatrical performances. Outdoor showings of movies would also occur in the evenings. A pedestrian walkway will connect the amphitheatre with the park area. Variance V-2007-05 would allow up to 100 amplified music events per calendar year to exceed limitations within the noise ordinance. An event which begins during the day and ends in the evening shall be considered a single event. In addition, all events with amplified music will be advertised in local media outlets. The number of non-amplified music events or any of the other events would not be limited.	MND	12/12/2007
2007111056	Tentative Parcel Map No. 34281 Riverside County Planning Department --Riverside Tentative Parcel Map No. 34281 is a proposal for a Schedule I subdivision of 109.1 gross acres into five (5) parcels with a minimum lot size of 20 gross acres.	MND	12/12/2007
2007111058	Costco, 340 Lakewood Center, Lakewood, CA 90712 Lakewood, City of Lakewood--Los Angeles The subject parcel is occupied by a 210,000 square foot, two-story department store formerly occupied by Macy's. That Macy's store will be demolished to accommodate the proposed Costco, which will be approximately 158,930 square feet in area. Although it will have less square footage than the former Macy's store, Costco will be one-story and thus will have a larger building footprint. As a result, a Lot Line Adjustment will be necessary to accommodate the larger footprint. Also, there will be an automobile tire installation department and a four-island, 16-dispenser fuel sales area with a canopy, which will be located immediately to the east of the Costco. Parking for Costco will be included within the general shopping center parking areas.	MND	12/12/2007

2007112058	Elementary and Junior High School Boundary Changes Los Altos School District Los Altos--Santa Clara The project involves the reallocation of elementary and junior high school students with new District school boundaries. Schools affected include: Almond, Loyola, Sant Rita, Covington, Oak, Springer, and Bullis-Purissima Elementary Schools; Blach and Egan Intermediate Schools. The attendance boundary changes would take effect at the beginning of the 2008-2009 school year.	MND	12/12/2007
2007112059	Parcel Map 05-040-Salseth Shasta County Shasta Lake--Shasta The request is for a two-parcel land division. Improvements to include chip sealing of an approximately 246-foot segment of Terri Lee Terrance to a width of 20 feet and asphalt paving of approximately 1,000 feet of an emergency fire escape road (EFER) to a width of 16 feet. Development of the EFER will require a culvert crossing at an ephemeral drainage. A single-family residence has been previously established at the project site. The division will result in one vacant parcel. A future well and an on-site septic system are proposed to serve the future undeveloped parcel. The existing residence is currently served by a well and on-site septic system.	MND	12/12/2007
2007112060	Tract Map 1946 - Shingle Glen Properties Shasta County --Shasta The request is for the approval of a 23-lot subdivision consisting of 5-acre parcels on 121.7 acres for single-family residential development.	MND	12/12/2007
2007112061	Zone Amendment 06-041 & Tract Map 1955 - Woodfill Shasta County --Shasta The request is for a Zone Amendment from the Unclassification (U) zone district to the Limited Residential (R-L) zone district in conjunction with an eight-parcel land division. The resulting parcels will be five acres each.	MND	12/12/2007
2007112062	Tract Map 1972 - Wright Shasta County --Shasta The request is for the approval of a six-lot subdivision consisting of 3.0 to 3.8-acre parcels on 19.6 acres for single-family residential development.	MND	12/12/2007
2007112063	Use Permit 05-042, Kim Shasta County Redding--Shasta The request is for approval of a Use Permit to allow a church and pastor's residence. Development of the parcel will include a 3,400-square-foot church and a 1,500-square-foot residence and a parking area with required landscaping.	MND	12/12/2007
2007112064	Tract Map 1961, Chuck Shasta County --Shasta The request is for a land division of approximately 5.75 acres creating twenty parcels ranging in size from approximately 6,300 square feet to 24,000 square feet.	MND	12/12/2007

	and new landscaping.		
2007112048	Glenwood Subdivision Specific Plan Amendment SP99-002.1- Accessory Structures and Impervious Surfaces Scotts Valley, City of Scotts Valley--Santa Cruz Amend the Glenwood Specific Plan (GSP) to allow enclosed accessory structures up to seven feet in height and unenclosed accessory structures up to ten feet in height within three feet of the side and rear property lines. Change the 55% maximum impervious surface coverage to 70% for individual lots in the Glenwood subdivision.	Neg	12/12/2007
2007112052	Moghadam Vineyard - Vineyard Conversion #P05-0128-ECPA Napa County St. Helena--Napa The project includes earthmoving activities and installation and maintenance of erosion control measures associated with development of 11.64 acres of new vineyard (8.94 net vine acres), on a parcel totaling 16.77 acres. The site plan designates six vineyard blocks on topography that ranges from gentle to steeply sloping lands (typical slopes from 5% to 30%), at elevations between approximately 400 and 520 feet above mean sea level.	Neg	12/12/2007
2007112053	El Dorado Hills Community Service District Streetscape Master Plan El Dorado Hills Services District --El Dorado The El Dorado Hills Community Service District 2007 Streetscape Master Plan (SCMP) is intended to be a guide for effective and responsible streetscape development. Initiated in Winter 2006, the SCMP identifies the current state of streetscapes throughout El Dorado Hills. Some of the existing streetscapes are noteworthy and are recommended as examples for future improvement of streetscapes within El Dorado Hills. Based on information gathered and compiled, the SCMP proposes guidelines, policies, standards and strategies for improving and maintaining the streetscapes within El Dorado Hills. Therefore, the environmental analysis has been conducted on a programmatic level. As a planning document, no physical changes to the environment are proposed. Implementation of the plan, as individual projects are identified, will however be subject to subsequent environmental review and documentation on an individual project-specific basis.	Neg	12/12/2007
2007112054	Nichols, Milburg & Rossetto UP 06-0026 Butte County Oroville--Butte Use Permit to construct a 7,000 sq. ft. (226 seat) church and two parking lots (total 45 off-street spaces) in a residential area. Church will be serviced by public sewer and public water.	Neg	12/12/2007

<u>Documents Received on Tuesday, November 13, 2007</u>			
2007112056	<p>Louise Avenue Widening and Rehabilitation Phase II Project Lathrop, City of Lathrop--San Joaquin</p> <p>The project proposes to widen Louise Avenue by one lane in each direction from its intersection with Fifth Street, east to the City limits at the Union Pacific Railroad crossing. The proposed project would widen the subject portion of Louise Avenue from two to four lanes consistent with the planned ultimate geometric design adopted by the City of Lathrop. The proposal would improve vehicular flow along Louise Avenue between Lathrop and Manteca. The proposed roadway improvements will generally consist of widening the existing roadway to its ultimate General Plan classification cross-section as a four-lane section immediately west of Fifth Street. The proposed curb-to-curb width is approximately 76 feet that would provide for a 12-foot raised center median, four 12-foot travel lanes, and Class II 8-foot bicycle lanes (including 2-foot gutters) throughout the length of the project. Sidewalk widths would be 10 feet. The improvements would not change the existing horizontal or vertical profile of Louise Avenue. The widening of this segment will increase the roadway's capacity as compared to existing conditions in accordance with the City's General Plan Circulation Element. Roadway widening will generally require right-of-way acquisition of approximately 18 feet on either side of Louise Avenue to accommodate the additional travel lanes, raised median, bicycle lanes, curbs, gutter, and sidewalks. It is anticipated that approximately 24 parcels will be impacted with project implementation.</p>	Neg	12/03/2007
2007112057	<p>Expansion of Enterprise Zone Pittsburg, City of Pittsburg--Contra Costa</p> <p>The proposed Pittsburg/Bay Point Enterprise Zone "2008" Program would expand the geographic areas covered by the existing Enterprise Zone to include industrial lands within census tract 3090 and other areas in the vicinity of the City of Pittsburg, but located within unincorporated Contra Costa County. Establishment of the proposed Enterprise Zone will require a General Plan amendment to Figure 6-1 (Enterprise Zone) of the City's General Plan to reflect the expanded geographic area of the Enterprise Zone.</p>	Neg	12/12/2007
2007112066	<p>El Dorado 50, Segment 2 - Lake Tahoe Airport to US 50/SR 89 Junction Water Quality Improvement Project Caltrans, Planning South Lake Tahoe--El Dorado</p> <p>The project would implement water quality improvement measures along U.S. Highway 50 in El Dorado County between the Lake Tahoe Airport and the US 50/State Route 89 junction in the City of South Lake Tahoe to comply with National Pollutant Discharge Elimination System permit requirements and implement water quality elements of the Lake Tahoe Basin Environmental Improvement Program.</p>	Neg	12/12/2007

	features, and vineyard planting.		
2007051049	APCD Rule 55, Fugitive Dust Ventura County Air Pollution Control District Ventura--Ventura Proposed new Rule 55, Fugitive Dust, will establish visible dust standards for the construction industry, agriculture, bulk material handling industry, mining industry, unpaved roads, and storage piles. This new rule is required by Health and Safety Code Section 39614 for air pollution control districts that have not attained the state ambient air quality standard for particulate matter emissions. The EIR was prepared to address industry concerns that air quality will be negatively impacted by the use of diesel-powered watering truck and street sweepers used to comply with the requirements of the new rule.	EIR	01/04/2007
2004081114	Kings River Sand and Gravel Project Fresno County Sanger, Reedley--Fresno The project is a revision to a previously approved Project, in 1999, on a 454 acre site located on Goodfellow Avenue between Sanger and Reedley. The Project would authorize up to one million tons per year (reduced from two million tons/year evaluated in 1999). The Supplemental EIR evaluates revisions to the Project, changed circumstances, and new information that could not have been known when the 1999 EIR was certified. The project site will be reclaimed as two private, exposed groundwater lakes with riparian habitat.	FIN	
2007111064	Station 27 and the Hamner/Schleisman Community Center Riverside County Norco--Riverside The proposed project consists of the acquisition of property, construction, and operation of Fire Station 27 and the Hamner/Schleisman Community Center. Fire Station 27 will be analyzed and constructed as Urban Heavy Fire Station. Urban Heavy Fire Stations are typically staffed by 16 people and have approximately 6,500 square feet of interior space, which includes living areas, offices, a lobby, eight bedrooms, each of which can accommodate two people, bathrooms, a dayroom, a dining area, kitchen facilities, and a gym or other area for exercise. The Community Center will provide day care and preschool services for a maximum of 200 children and will feature a playground, 11 classrooms, restrooms, a large kitchen, a staff lounge, conference/training room, community rooms, closets, and a lobby.	MND	12/13/2007
2007111066	San Bernardino Transmission Main Riverside, City of Grand Terrace, Riverside--San Bernardino, Riverside The Project, which is the replacement of an existing 42-inch underground water pipeline with a 48-inch upgrade, would pass through the City of Grand Terrace, the unincorporated community of Highgrove (County of Riverside), and the City of Riverside. Total length of the proposed alignment would be approximately 11,200 feet or 2.12 miles.	MND	12/13/2007
2007112067	Town & Country Village - Grocery Store - Trader Joe's Building Palo Alto, City of Palo Alto--Santa Clara Architectural Review and Design Enhancement Exception for the demolition of 11,599 commercial square feet, construction of a 12,000-sq. ft., one-story retail building and associated site improvements on a 572,141 sq. ft. shopping center. 2007112069	Global Materials/Industrial Carting Expansion Sonoma County Santa Rosa--Sonoma Expand commingled recycling from 84 tons per day (tpd) to 124.5 tpd and transfer up to 19 tpd of green waste. The facility will continue to operate an existing 400 tpd construction and debris recycling operation and a debris box rental, truck terminal, and repair facility.	MND	12/13/2007
2007112071	Vineyard Ranch Estates Elk Grove, City of Elk Grove--Sacramento The proposed project is located in the northeastern portion of the City of Elk Grove approximately half a mile south of Calvine Road (Figures 1 & 2). The project includes a rezone of two parcels totaling 10.6+ acres from AR-5 to RD-3 and a Tentative Subdivision Map creating up to 28 single-family residential parcels (Figure 5). The proposed subdivision development is consistent with the City of Elk Grove General Plan, which designates the site for single family residential development with a housing density range of 0.6 to 4.0 dwelling units per acre. The lots created meet the minimum RD-3 zoning specification.	MND	12/13/2007
2006071021	Renaissance Specific Plan EIR Rialto, City of Rialto--San Bernardino The proposed project is a Specific Plan that incorporates the following land use designations: light industrial, professional office, research and development, retail, food service establishments, and larger commercial uses such as furniture showrooms and automobile sales. The proposed plan provides for civic uses such as a civic center, library, day care center, fire and police stations, and a park. The plan will also provide for a 10 acre K-5 school. Approximately 2,148 residential units vary in range from low density single-family detached residences (8 DU/AC) to high density residences (25 DU/AC).	NOP	12/13/2007
2007112070	Live Oak Redevelopment Plan Adoption Live Oak, City of Live Oak--Sutter The proposed project includes the adoption of a new Live Oak Redevelopment Plan to eliminate and prevent the recurrence of the conditions of blight within the Project Area. The Agency proposes to eliminate blighting conditions and prevent their recurrence through the planning, development, re-planning, redesign, redevelopment, reconstruction, and rehabilitation of the Project Area, and by providing for such facilities as may be appropriate or necessary in the interest of the general welfare, in accordance with the General Plan and other planning documents as may be adopted or amended.	NOP	12/13/2007
2007072038	General Plan Amendment 2007-05, Rezone 2007-08, Lot Line Adjustment 2007-25 - Frantz Landscape Center Stanislaus County --Stanislaus Request to amend the General Plan and rezone five (5) acres from A-2-40 (General Agriculture) to PD (Planned Development) and construct a retail landscape business in two (2) phases. Phase one (1) is to build a 1,800 square foot retail/commercial building and a 22,100 square foot shade canopy on five (5) acres for retailing landscaping. The project is to expand the existing wholesale tree nursery with a commercial element. Phase (2) is to complete the development	Neg	12/13/2007

2007111063	General Plan Amendment 07GPA03 and Zone Change 07ZC02 Chino Hills, City of Chino--San Bernardino The Project is to amend the General Plan Land Use Element map to change the designation for the property from Open Space to General Commercial; to amend the Zoning Map to change the designation for the property from Open Space to General Commercial, subsequent to the City Council having determined that the property is not suitable for public open space use due to its configuration, location, and accessibility, and declaration of the property as surplus in order to initiate the sale of the property. It is anticipated that commercial development will occur on the property as a result of the General Plan Amendment and Zone Change, and the Initial Study evaluates the possibility of future development of 16,335 square feet of commercial space at the project site.	Neg	12/13/2007
2007111065	2007 Sidewalk Master Plan La Mesa, City of La Mesa--San Diego The City of La Mesa Public Works Department is proposing a Sidewalk Master Plan, which was developed by surveying existing sidewalk conditions, reviewing existing policies and procedures related to pedestrian improvements, identifying areas of high pedestrian traffic and mapping existing and proposed sidewalk location. The purpose of the sidewalk master plan is to identify new sidewalks in the City of La Mesa that would improve pedestrian access and complete the pedestrian sidewalk system in neighborhoods that desire sidewalks.	Neg	12/13/2007
2007111067	1298 Coast Village Road Santa Barbara, City of Santa Barbara--Santa Barbara The project consists of the demolition of an existing gas station with two repair bays and the construction of a new mixed use building. The new 18,196 square foot mixed use building would be comprised of eight condominiums and approximately 5,000 square feet of commercial space, located on the ground floor. All of the residential units would be located on the second and third floors. Five residential units would include two bedrooms, two units would include one bedroom each and one unit would include three bedrooms. Approximately 38 parking spaces are provided, with nine covered parking spaces located at grade level and 29 parking spaces located below grade. Grading would be approximately 9,500 cubic yards of cut and 1,500 cubic yards of fill.	Neg	12/13/2007
2007112068	Minor Subdivision Application No. MS-07-03 of Robert and Suzanne Robben Solano County --Solano The applicant proposes to subdivide one parcel of approximately 157 acres of agricultural land into two parcels of approximately 77 and 80 acres. Domestic water will be provided by on-site wells and waste water will be disposed of through	Neg	12/13/2007

2007101001	Rancho Workforce Housing Rancho Cucamonga, City of Rancho Cucamonga--San Bernardino The project proposes a General Plan Amendment and Zone Change for approximately 17 acres. The General Plan Amendment will change the designation from General Commercial to Mixed Use while the Zone Change will result in a change of zoning from Community Commercial to Mixed Use. The proposed project includes a development application on a 10.54 acre portion of the project area for the construction of 166 apartment units named Rancho Workforce Housing. The western 5 acres of the 17 acre project site are conceptually planned for restaurant, office, and commercial space. There are no current development applications or plans pending on the western 5 acres; however, for the purposes of environmental documentation, the future uses anticipated for the 5-acre portion of the site have been assessed and included as part of the proposed project. Within the 5-acre area, 25,000 square feet of office space, 16,000 square feet of retail shops, and a pad for a 5,000-square foot restaurant are conceptually proposed. The balance of the site includes an approximately 1.5 acre parcel containing a restaurant. Within the project area one existing residence will be removed and one residence, a tire shop and commercial structures on the western portion of the site will be demolished as part of the projects.	EIR	12/31/2007				
2005062129	I-580 Isabel Avenue Interchange Construction Project Caltrans #4 Livermore--Alameda The project involves construction of a new interchange over I-580 between Airway Boulevard interchange and the Portola Avenue interchange. Construction would occur north and south of I-580.	FIN

2004032082	Hillside Class III Disposal Site Parcel 2 Closure and Amendments to the 1994 Disposal Site Operations Agreement Colma, City of Colma--San Mateo The project involves approval by the Town of Colma of amendments to a Disposal Site Operations Agreement to accept a new final grading plan, approval of a Grading Permit and approval of a detailed landscaping plan. Restrictions on the numbers of daily haul trucks must be imposed to meet federal and state daily air quality standards related to engine emissions and restrictions must be imposed on route and hours of hauling to avoid traffic conflicts.	MND	12/17/2007
2007111072	EA 25960 SR-96 Curve Improvement Project Caltrans #8 Needles--San Bernardino Caltrans is proposing safety improvements on SR-96. The project would provide rumble strips, a median buffer, and shoulder widening from PM 42.4 to 43.0. Also a pipe culvert will be relocated from Station 1845+15.35 to Station 1845+1845+25 within the project limits.	MND	12/17/2007
2007112073	US Route 101 East Washington Street Interchange Caltrans #4 Petaluma--Sonoma Interchange improvements along the East Washington Street interchange portion of U.S. Route 101 in Petaluma, Sonoma County. The main elements of the project consists of reconfiguring the southbound on-ramp, widening the terminus of the northbound off-ramp from two lanes to four lanes, and adding a new northbound diagonal on-ramp with a new bridge to free-span Washington Creek.	MND	12/14/2007
2007112074	Collection System Operations (CSO) Facilities Improvements Project Central Contra Costa Sanitary District Walnut Creek--Contra Costa CCCSD proposes to demolish existing administration and warehouse buildings at its CSO corporation yard and construct an approximately 22,500 square foot building for administration, crew, and warehouse uses at the site of the existing warehouse. Landscaping and parking is proposed where the existing administration building sits. The existing paved yard area south of the existing warehouse and east of the existing administration building will continue to serve as corporation yard use.	MND	12/14/2007
2007112077	1906 El Camino Real - Medical/Dental Offices Menlo Park, City of Atherton--San Mateo Demolish an existing one-story, 5,750 square foot commercial building (formerly The Acorn Restaurant) and construct a new two-story, 9,825 square foot office building for medical/dental office use and the related site improvements at 1906 El Camino Real located in the C-4 (General Commercial applicable to El Camino Real) zoning district. The applicant also requests 49 parking spaces based on the use-based parking guidelines where 59 parking spaces would otherwise be required in the C-4 zoning district. Ingress and egress would be by two driveways, a one-way driveway for ingress only onto the site along El Camino Real and a two-way driveway to and from the site onto Watkins Avenue. The proposed project would require the following approvals: 1. Use Permit for construction of a new building and the number of parking spaces based on the use-based parking guidelines;	MND	12/14/2007

	<p>2. Architectural Control for design review of the new building and related site improvements;</p> <p>3. Tentative Parcel Map for the creation of four medical/office condominium units within the buildings;</p> <p>4. Heritage Tree Permit for the removal of two heritage size trees; and</p> <p>5. MND to analyze the potential environmental impacts of the proposed project.</p>		
2007111068	<p>Village at Calabasas Calabasas, City of Calabasas--Los Angeles</p> <p>The proposed "Village at Calabasas" project consists of 79 luxury residential condominium units along with 13,135 square feet of neighborhood serving restaurant and retail uses. The proposed project would require the demolition of the existing Calabasas Inn (16,400 sq. ft.) and the construction of 174,413 square feet (0.7371 FAR) of residential, retail and restaurant space uses. The four-story building will have a maximum height of 44.3 feet with the retail component at the ground level and residential condominiums on levels one through four. The project includes the purchase of four off-site, market rate units (5% of the total number of units) to be sold to qualifying very-low income residents and one on-site handicap fitted unit. The project will also include associated driveways, walkways and landscaping.</p>	NOP	12/14/2007
2007111069	<p>Barstow Industrial Park Barstow, City of Barstow--San Bernardino</p> <p>The Barstow Industrial Park project provides for a wide variety of industrial uses generally consistent with the City of Barstow M-2 Industrial zone. The project may also include the development of accessory uses such as food service, fuel stations, and similar commercial uses. The Barstow Industrial Park will be developed in multiple phases over an approximately 10-year period. At full build-out, the project would provide up to 17.5 million square feet of floor area, and may also include truck terminals, open storage, and bulk storage uses.</p>	NOP	12/14/2007
2007111070	<p>Tijuana River Wetland Mitigation Project San Diego County Water Authority San Diego--San Diego</p> <p>The proposed project would create approximately 45 acres of native wetlands mitigation habitat and native transitional uplands habitat. The project would establish a permanent surface connection to the Tijuana River, expand the functional floodplain south of the river and west of the Smuggler's Gulch Channel, and provide a system of pedestrian/equestrian trails connected to existing trail segments located throughout the TRVRP, Tijuana Slough National Wildlife Refuge, and Border Field State Park.</p>	NOP	12/14/2007
2007111071	<p>109th Street Pool and Bathhouse Replacement Project Los Angeles City Department of Recreation and Parks Los Angeles, City of--Los Angeles</p> <p>The proposed project includes the replacement of a pool and bathhouse and construction of a new pool, bathhouse, deck, and splash pad within the general footprint of the existing facility. The project site is located at the southwest portion of the 109th Street Recreation Center.</p>	NOP	12/14/2007

2007112072	The Village at Loomis Loomis, City of Loomis--Placer Entitlements to support development of 434 dwelling units and 76,000 square feet of office and commercial space in a Special Planning District, General Plan Amendments to re-designate 1.5+/- acres (Parcel 044) of General Commercial (CG) to Special Medium High Density Residential (Special-MHDR); 10.2 +/- acre (Parcel 004) of General Commercial (CG) to Special High Density Residential (Special-HDR); 0.5+/- acres (Parcel 001 & 044) of Town Center Commercial to General Commercial; and 3.1+/- acres (Parcel 044) of General Commercial (CG) to Special High Density Residential (Special-HDR).	NOP	12/14/2007
2007071079	Palos Verdes Gas-to-Energy Facility Phase II Los Angeles County Sanitation District Rolling Hills Estates--Los Angeles The proposed project replaces the existing Gas-to-Energy Facility at the closed Palos Verdes Landfill with new, clean technology that will effectively manage all landfill gas and produce approximately 2 megawatts (MW) of renewable electrical energy using landfill gas as a fuel source. The proposed project includes the installation of one 300 kilowatt (kW) fuel cell, eight 250 kW microturbines, associated landfill gas compression and treatment equipment, a backup generator, associated landfill of the aboveground landfill gas collection system, and the use of a low emission flare to combust landfill gas that cannot otherwise be beneficially used for power production. The landfill gas compression and treatment equipment will be designed to provide clean and dry fuel gas to the facility. The reconfiguration of the aboveground landfill gas collection system will deliver the landfill gas with the highest methane level to the proposed renewable energy facility.	Neg	01/18/2008
2007112075	TSTM 2006-0010 and PUD 2005-0001 Yuba County --Yuba The project proposes to subdivide approximately 102.4 acres into 30 lots ranging from 1.2 to 2.5 acres in size for single-family residential development for a total of approximately 55.7 acres. The remaining 46.7 acres would be maintained as three open spaces. The project would be developed in three phases. The property has frontage on Marysville Road.	Neg	12/14/2007
2007112076	Coasta Norte Crescent City Crescent City--Del Norte The project is a three-story, 98,755 square foot mixed-use development, consisting of 44 residential units and a 2,172 square foot professional office suite, proposed for medically related use, at the former location of the Del Norte Community Health Center, referred to locally as the "A Street Clinic." It is important to note that the relocation of the clinic preceded and is unrelated to this project. Other proposed improvements include underground parking areas, exercise and gazebo common open space areas, public access trail facilities, landscaping, walkways, signage and exterior lighting. The bulk of the site, zoned CZ-RP, will contain the main building, the gazebo, coastal access areas, and most of the landscaping. The northernmost 7,200 square feet of the property, at the corner of A and C Streets, is zoned CZ-RP and is currently developed as a parking lot for the clinic use. This section of the project will continue to be used as a surface parking lot, which is allowed by use permit in the CZ-R2 District.	Neg	12/14/2007

2006011071	Mesa View School Access Road Yucaipa-Calimesa Joint Unified School District Calimesa--Riverside The proposed project consists of an extension of Sandalwood Drive at 7th Street west to connect with the existing Mesa View School. The project will provide access to the constructed Mesa View School, which is not currently in operation. The project includes typical roadway improvements such as the installation of curbs, gutters, sidewalks, and street lights. The Lead Agency certified a Final EIR for the Mesa View School Project Access Road and Conversion to High School in 2006. This SEIR will address alternative access not previously considered in the certified EIR.	SIR	12/31/2007
2002091053	Tentative Tract Map Number 16072/Richland Communities Rancho Cucamonga, City of --San Bernardino Metropolitan has granted the City of Rancho Cucamonga a permanent easement for street improvements, utilities, landscaping, and community Trail purposes, which excludes equestrian uses.	NOD	
2005062129	I-580 Isabel Avenue Interchange Construction Project Caltrans #4 Livermore--Alameda Construction of a new interchange at I-580 between the Airway Blvd. Interchange and the Portola Ave. Interchange. The project includes removal of the existing Portola Ave. on ramp and off ramp, reconstructing the Portola Ave. over crossing, and extending Portola Ave. to connect with Isabel Ave. north of I-580. An eastbound and westbound auxiliary lane between Airway Blvd. and the new interchange as well as various local street improvements (widening and pavement overlays) are also included in the project.	NOD	
2006042175	Davis-Woodland Water Supply Project Davis, City of Davis, Woodland--Yolo The objective of the project is to develop a reliable water supply of adequate quality for drinking and cost-effective wastewater treatment in Davis, Woodland, and UC Davis through 2040 without removing a source of irrigation supply that will cause fallowing of agricultural land. The project partners propose to acquire a new surface water supply from the Sacramento River and to construct and operate water intake/diversion, and treatment facilities so that the project partners can use treated surface water in their respective service areas.	NOD	
2006102050	San Francisco State University Campus Master Plan California State University Trustees San Francisco--San Francisco Revisions to SFSU's Campus Master Plan to identify needed buildings, facilities, improvements and services to support campus growth and development from current enrollment of 20,000 full-time equivalent students to a new Campus Master Plan enrollment of 25,000 FTES by the 2020 academic year. To accommodate the projected student increase involves the near-term and long-term development of classroom, housing, and student support space, including a conference center with guest accommodations. 2007021020	San Diego State University 2007 Campus Master Plan Revision California State University, San Diego San Diego--San Diego Revision to SDSU's Campus Master Plan to provide a framework for implementing SDSU's goals and programs for the campus by identifying needed buildings, facilities, improvements and services to support campus growth and development from current SDSU enrollment of 25,000 full time equivalent students to a new Campus Master Plan enrollment of 35,000 FTES by the 2024-25 academic year.	NOD	
2007052058	CSU Chico Northern California Natural History Museum California State University, Chico Chico--Butte The proposed project site consists of ~67,400 sf of open space located on the northeast perimeter of the campus, immediately adjacent to the Bidwell Mansion State Historic Park. The museum will be a single-story building designed to be completed in 2 phases for a total of 17,500 GSF. This action is for the first phase of construction that will provide 9,600 GSF to include a ticket office, storage, restrooms, a museum store with food area, exhibit space, offices, and a loading dock.	NOD	
2007082163	Approval of a Major Waste Tire Facility Permit for Lakin Tire West, Inc., Building 2 California Integrated Waste Management Board Santa Fe Springs--Los Angeles The project is to issue a major waste tire facility permit (Facility No. 19-TI-1534, TPID No. 1464957) to Lakin Tire West, Inc. for its facility located at 15055 Spring Avenue, Santa Fe Springs, CA 90670. The major waste tire facility permit will authorize the storage of up to 25,000 waste tires and require those tires to be stored in compliance with the State's waste tire storage and disposal standards and permit conditions intended to minimize potential impacts to public health and safety and the environment. The approval and issuance of a waste tire facility permit is considered a discretionary decision and is therefore subject to the CEQA.	NOD	
2007118199	Will Rogers SHP - Gate House Sewer Line Replacement Parks and Recreation, Department of --Los Angeles The project will replace ~500 linear feet of sewer line from the "Gate House" which is currently serving as a park residence. New cleanouts will be added per code.	NOE	
2007118200	Issuance of Streambed Alteration Agreement No. R1-07-0606, Trinity River, Tributary to the Klamath River Fish & Game #1 --Siskiyou The project is limited to the replacement of a non-functional seep well. Work will include excavation of the floodplain to install one seep well, pump, water supply lines, installation of an infiltration gallery and electrical conduits to divert water pursuant to the Responsible Party's legal water rights.	NOE	
2007118201	Issuance of Streambed Alteration Agreement No. R1-07-0479, Unnamed Spring, Tributary to Pig Creek Fish & Game #1 --Siskiyou Diversion of water from an unnamed spring to fill an off channel pursuant to a legal water right.	NOE
