Re: SUPPLEMENTAL SUBMITTAL Re AB 734 Application for Oakland Athletics Oakland Sports and Mixed-Use Project at Howard Terminal (August 26, 2019)

Director Gordon,

PMSA was recently made aware of the revised Supplemental Application of the Oakland A's submitted on August 26th in support of the A's request for Howard Terminal project certification pursuant to AB 734/AB 900. The initial deadline set for public comment on this submission is Tuesday, September 3rd.

We respectfully request a full 30-day review and comment period for this significantly revised Application.

The Supplemental Application is detailed, contains multiple highly technical analyses, and includes multiple appendices. It is likely that the Supplemental Application includes significant materially revised information which was not included in the initial Application. Particularly given the scope of the prior submission, the extent and detail of such revisions will not be obvious within such a short review period.

Thank you for your consideration of this request for the public to have sufficient time to consider the detailed revised Application and to submit additional comments which may be helpful.

Sincerely,

Mike Jacob
Vice President & General Counsel
