Resilience Funding and Financing Program Timelines Opportunities for public sector entities (state, regional, local governments and school/college and special districts)

ICARP Staff developed this graphic in response to a request from the ICARP Technical Advisory Council for a resource that visualizes state funding program timelines. This graphic presents this information at the highest level of detail possible, but in some cases, especially for new or less-immediate programs, may be approximate. All timelines presented herein are subject to change. For the most up-to-date information on state funding opportunities, please refer to the State Grants Portal at grants.ca.gov, or the individual programs' websites.
